Board says yes to smoking outside

by KATIE KUEHNER
Lakeland Newspapers

The Grass Lake School Dist. 36 Board of Education approved a policy that would allow a designated area for anyone to smoke cigarettes outside the school building while still on school premises.

The issue came to the board's attention last summer when constituents complained of people smoking outside, citing they believed it was against school board policy.

The board had adopted a policy banning smoking inside the building except in a designated area for staff members. Additionally, smoking was permitted at school functions that children attend. Nothing was written specifically about other functions, such as Parent Teacher Organization meetings.

But several people, including parents, believed that to allow smoking on premises conveys to the children an acceptance of smoking.

"We had discussion centering around

the concept that, if we are a school, we should provide a good example for children by saying that adults shouldn't

"We had discussion centering around the concept that, if we are a school, we should provide a good example for children by saying that adults shouldn't have a double-standard. But there was also discussion that we should teach children to be tolerant of others and that smoking is a personal right of adults."— Supt. Dr. Ruth Bill.

have a double-standard," Bill said.

"But there was also discussion that we should teach children to be tolerant of others and that smoking is a personal right of adults."

"Some also said that if we allow smoking at activities where kids are, why then would smoking at functions like P.T.O. be considered wrong?"

Additionally, Bill said that the board wondered who would be affected and how much if the designated area was outside.

The board also discussed the legal interpretations of both the Illinois State Code for Education and the "Illinois Clean

Air Act". The education code permits smoking in "outdoor spectator areas of school property during scheduled school interscholastic or extracurricular athletic activities". Discussion centered around the word "athletic" when defining at which functions the board would permit smoking.

According to the district's attorney Michael Loizzi, "The Illinois Clean Air Act" makes a reference to school districts, allowing them to "designate a smoking

area for school board meetings and other events not exempted by the School Code statute".

"The School Code statute would appear to be a law which prohibits what the Clean Air Act would otherwise permit," Loizzi said. "Of course, if that's true you might ask why the legislature would bother making a specific reference to school districts in the Clean Air Act if another statute already existed which governed this issue."

"My guess is that neither the General Assembly nor the Governor's office realized that there were two bills with overlapping jurisdiction. That oversight may have occurred because the School Code statute became effective only eight days prior to the approval of the Clean Air Act."

"Both laws were not well publicized, and were sponsored by different people. Neither party may have realized that someone else was sponsoring legislation with a similar topic."

Guess who's coming for dinner?

Gail Budzban strikes a quizzical pose as she ponders a likely candidate for Thanksgiving feast. Heads held high and inquisitive, turkeys are unmindful of holiday fate. While Gail starts dinner from scratch, most homemakers are opting for oven-ready birds or planning family dinners at a nearby restaurant. Turkey still is preferred main course for Thanksgiving menus.—Photo by Lisa Benitez

Start national search for storm chief

A national search is underway to select the first director of the Lake County Stormwater Management Planning Committee, which has been given the task to implement a cohesive county-wide drainage program and eliminate flooding.

Meeting in special session at the College of Lake County, the committee approved hiring Paul A. Reaume Ltd., Lake Bluff, to conduct a search to fill the post paying approximately \$60,000 per year.

Reaume was selected from four firms making presentations to the committee headed by Mayor Richard A. Welton of Gurnee.

It is anticipated that a director will be named in 90 to 120 days.

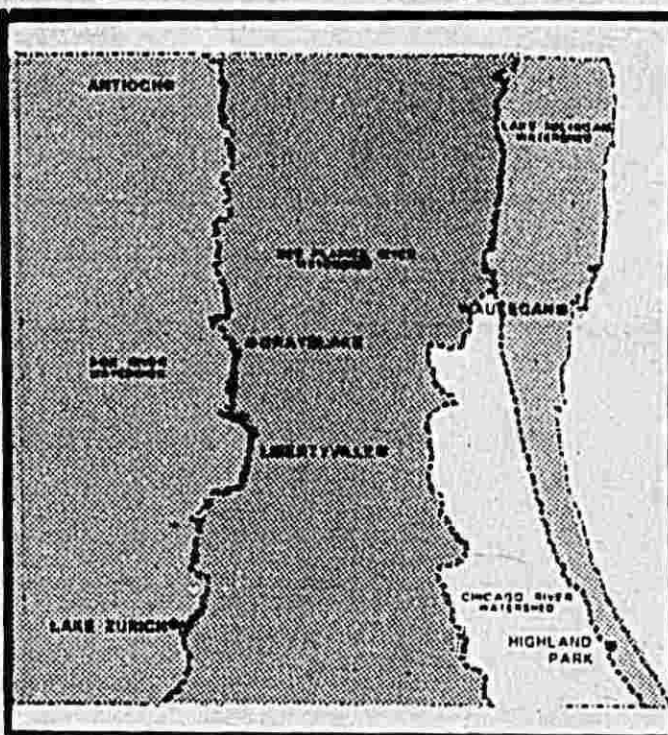

The committee ran into a fire storm of public criticism on its first selection, Edward Geick of Elkhorn, Wis., former administrator of Lake Zurich. Geick withdrew after public debate over a sexual harassment suit brought against him while employed in Lake Zurich. Critics also found fault with Geick's autocratic management style.

While the search is on, organization of watershed management boards, each with a chairman and vice chairman, will continue.

There will be four separate boards, each serving one of the county's four

watersheds, to identify problems, work out a budget, select a technical committee and coordinate drainage and flood control work with the overall committee.

The third of the watershed meetings was held last week at Fox Lake for the Fox River watershed; second was at Grayslake for the DesPlaines River watershed. An earlier meeting was held for the North Branch of the Chicago River, the smallest watershed, which extends into the county along the Lake-Cook countyline. Final

watershed meeting---for Lake Michigan---will be held at 7 p.m. Thursday, Nov. 15 at the Lake Bluff Public Safety Building.

Carroll Schaal from the Dept. of Planning, Zoning and Environmental Quality is serving as staff person, said hopes are to have office space and engineering help by March or April, about the same time the new director is named.

Watershed officers must be either elected village officials or County Board members as required by statute.

Mayor Marvin Smith of Grayslake and Mayor Carl Schimpf of Round Lake Beach were the only village officials in attendance at the DesPlaines meeting. Dist. 5 County Board Rep. James Dolan of Libertyville was the only County Board member at the meeting.

Schaal explained that the committee is empowered to collect fees, levy fees in lieu of detention deficiencies and recapture fees when building is necessary. "We need a variety of funding sources," Schaal declared.

A county-wide stormwater tax will be divided on the basis of "watershed equity," Schaal stated pointed out.

Watershed boards will be developing five-year plans for presentation to the overall SMPC for budgeting.

"We'll be looking at maintenance, water

quality and future needs," he explained at the CLC meeting.

SMPC staff already has done considerable planning on the DesPlaines tributaries such as Bull Creek (Libertyville area), Aptakisic Creek (south end of county), Indian Creek (Vernon Township), Buffalo Creek (Long Grove and Buffalo Grove) and Mill Creek (central county and north county areas) plus the Newport Drainage Ditch.

Project priorities will depend on need, population served and cost, the staff aide declared.

Millburn garners grants for anti-drug, science

Millburn School Dist. 24 staff members are giving themselves pats on the back these days for three reasons.

First, the school has been selected to receive a statewide grant for science. The State Dept. of Education has announced Millburn was among the schools to receive grants for innovative science projects.

Also, the school will be receiving \$500 in funds obtained through the Lake County States Atty. drug forfeiture program.

Shoeboxes, mailboxes and marbles have all been used in the innovative science program in first grade.

"We've had a real good response," Millburn Supt. James Blockinger said of the science program.

Principal Gary Cybul said the science program emphasizes the hands-on approach.

"The reaction of the first-grade teachers was great," Cybul said.

Cybul said that the program is helpful because it goes beyond the textbooks, which first grade science teachers sometimes say are too elementary.

The second source of good news at Millburn was the naming of the drug forfeiture money to the Wadsworth based school. The funds will be used to continue the school's anti-drug program.

On Tuesday, Cybul explained the interpretation of the state report card results to the staff.

According to Stanford Achievement test results, third grade had three categories with students testing above the 50 percent level in the top quarter. Science was at 61.9 percent, mathematics was at 57.1 percent, and social science was at 54.8 percent. Reading comprehension was at 45.2 percent.

In sixth grade, science was the top subject with 48.4 percent testing in the upper quarter, compared to 45.2 percent for reading comprehension and mathematics.

In eighth grade, 48 percent were in the

upper quarter in social science, 44 percent for mathematics and 32 percent for reading comprehension. Science was last at 24 percent in the top quarter.

Millburn's salary levels are lower than the state average but better than in previous years. The average teacher's salary was \$23,346 in 1989-90, compared to the state average of \$32,925 and the average for similar size of \$29,404.

The district which includes portions of Wadsworth and Lindenhurst and unincorporated Lake County, spent \$4,028 per pupil.

"The board has always been concerned about keeping salaries competitive," Cybul said.

The board and the teachers do not work with a formal contract, but rather with an agreement. A teachers and board committee sit down and discuss any possible increases for the staff, including administration.

"It is based on a parent survey, test scores and how well the students do in the first year of high school," Cybul said.

The experience level of the district's 20 teaching staff members was 9.9 years, with 92.7 percent with bachelor's degrees but only 7.3 percent with masters degrees or above. The teachers are all white and 95 percent of them are female.

The voter-approved additions to the school meant for some unusual numbers in terms of finances. The district spent only 27.6 percent of its \$2,918,364 budget on the education fund, but 55.8 percent of the budget went to the site and construction fund in 1988-89.

Class sizes are generally close to the state averages. In kindergarten, the average is 20.5 compared to the state's 22.4; in first grade, the average is 23 compared to the state's average of 22.6; in third grade, the average is 21.5 compared to 23.2 for the state; in sixth grade, the school's average is 16.5 compared to 23.6 for the state. Eighth grade is above the state average, 27 compared to 22.5.

Showing craft items

Rebecca Stevens, left, and Winifred Winrol were among the 38 crafters who displayed their wares at Millburn School's Candy Cane Lane craft fair Saturday. Millburn band boosters also had a bake sale in conjunction with the event. Craft fair was one of many in the area as shoppers look for those early Christmas presents. Gurnee Park Dist. will host its craft bazaar on Nov. 16 and 17 at Viking Park.

School board close to choosing building site

by KATIE KUEHNER
Lakeland Newspapers

The Antioch Community High School Board was scheduled to complete interviews of architects for a possible new high school building at its meeting Thursday night, and to possibly announce a site.

One of the sites being considered is Polley Field at Grass Lake and Deep Lake roads. The school district already owns the 51-acre site, most of which is used for athletics.

The board decided last month to place a

referendum on the April ballot, which will ask the voters if a new high school building should be built. The estimated cost is \$32 million.

The board would also like to organize a referendum committee to support and publicize the referendum. They are looking for 25 to 30 community members and are asking for more district residents to volunteer.

School Supt. Gary Allen said anyone interested in participating in the referendum committee, to please call him at (708) 395-1421.

Oakland students show they care

The students of Oakland Grade School in Antioch are providing some moral support to the United States service personnel deployed in Operation Desert Shield and at the same time learning some very important lessons in letter writing and current events.

A Parents and Teachers For Kids-sponsored letter-writing campaign has netted over 275 letters from the students. Children from kindergarten through third grade wrote well-wishes and "come home

soon" letters that will be sent to military personnel overseas.

"My family just found out my brother will have to go to the Persian Gulf in December," an Antioch resident said. "He said the time would be more bearable if he received letters from us. Now I see that kids in Oakland are doing it and that really touches me. Anything to help my brother live through the next six months is very much appreciated."

Drug and alcohol education program set

The Anti-Alcohol and Drug Task Force of Antioch will host an adult information and education program Wednesday, Nov. 28 at 7 p.m. in the Antioch Senior Center.

Lake County Coroner Barbara Richardson will present a program about drug and alcohol abuse. Additionally, two local peace officers, Ron Kay from the Antioch Police Dept. and Andy Jones from the Lindenhurst Police Dept. will discuss the local problems relating to the issue.

They will also display drug paraphernalia seized in the area.

The task force said refreshments will follow. For more information, call Dick Jorgenson at (708) 395-1146.

Fair Scheduled

Antioch's Oakland Grade School, at the intersection of Deep Lake and Grass Lake Rds., is having its holiday arts and craft fair on Saturday, Nov. 17 from 9 a.m. to 4 p.m. Admission is free. Call (708) 356-9038 for information.

A special visit

Illinois' Special Olympics Family of the Year, residents of Antioch, visited State Sen. Adeline J. Geo-Karis (R-Zion) during a trip to Springfield for the annual state Special Olympics Conference. Here, Sen. Geo-Karis holds nine-year-old Patrick (P.J.) Brankin, a member of the Area II Special Olympics team who participates in swimming, track, cross-country skiing and gymnastics. In back is his family, from left, sister Amber, mother Donna, cousin Kerry Sassano and father Richard Brankin.

Bingo Number Brings Strange Responses

Another Bingo Story

During a recent visit to our home in Eagle River, my husband, Jim thirteen year old son, Jim Jr., and I took in a game of bingo, thus another bingo story!!

If you are wondering what a thirteen year old boy was doing in a bingo hall, it is because in Wisconsin kids under the age of eighteen can play bingo when accompanied by an adult. I think this is a great idea as it often times makes for a fun family outing. If you have ever played bingo, you will know that certain numbers get strange, often times, musical responses from the audience. One of these numbers is "0"-66. So when the number was called and people rang their bells and tooted their many weird sounding horn devices, this naturally brought about a reaction from this comical thirteen year old sitting next to me. He announced, to his father and I, that the next time "0"-66 was called he would have a special sound effect of his own to add in honor of the number. I laughed and pleaded with him not to do it. However, my pleading fell on deaf ears and as "luck" would have it the caller, once again, announced "0"-66. My son immediately sprang into action, cupped his left hand under his right arm pit, wiggled his right arm up and down like a chicken and out blasted a strange almost melodic sound. We then became the victims of people's stares.

I am not sure if they were giving us looks of anger, disgust, humor, or jealousy over a new way to celebrate the calling of "0"-66. Naturally I started to laugh, and laugh, and laugh some more. I began to think I would have to leave the bingo hall in order to regain my composure. I want to publically thank my witty young son for one of the best times I have had at

bingo in ages and also thank him for the memories and laughter!!

Deadline Change

For your info, there has been a change of deadline at Lakeland Press. I must mail in my column one week and one day prior to the time the paper hits the newsstands. For you this means, you must contact me with your tidbits about one and a half to two weeks prior to the time you would like to have them appear in the paper. Many alive, and I just got use to the last schedule!!

Maybe Next Time

As I sit here writing this week's column, I was thinking about the defeat of the Antioch Park Dist. referendum.

I would be a liar if I said I was glad it was defeated. In fact, the exact opposite is true. I feel sad that it did not go through. Now, don't jump to conclusions. Just like a lot of you who read this column, I do not want my taxes to go up. Who does? If anyone can figure out a way to get the government to lower taxes and still provide us with adequate services I would naturally hop on the band wagon! The Schmehl household purse also has a definite financial bottom. On the other hand, I am the first to admit I have a strange mind and I come to a lot of my decisions in ways that are foreign to the thinking process of others. For instance when I made my personal decision to vote yes for the Antioch Park Dist., I zeroed in on the positives of what a park district could bring to Antioch.

I pictured improved and expanded programs for Antiochians of all ages. I thought about how much Antioch has grown in the twenty-odd years I have lived here, how much it is presently growing, and will be growing in the future. I

thought of the fine, but limited, programs now being offered by the Antioch Park and Recreation Dept. and became fearful over the prospect that more and more people would find their names on waiting lists for openings (that may never arise) in order to participate.

I thought about the state and federal grant monies that could be added to our park district tax dollars and began to envision new lands developed into parks. I let

my imagination run wild with visions of new and better park buildings, possibly another outdoor pool to ease the overcrowding of our one and only swimming pool. I dreamed of more tennis and basketball courts and more and improved playground equipment, and oh wouldn't an indoor ice arena building be terrific?

Fun Gathering

If you are in the market for a fun social evening, try an ethnic food gathering. My husband and I were recently invited to the home of a friend, along with several other couples, for an "Italian Night." We all had to bring an Italian menu item to pass and the result was a delicious pot luck Italian style dinner. We plan to do it annually, serving up a different culture style menu each time. After dinner we had a fun time playing win, loose, or draw, and I will always remember John Boerman's drawing of a "cottage", Bob Olenick's drawing of "Over-bite", my husband Jim's drawing of "Chile", and my drawing of a "deck". Also, I would like to remind everyone that Santa has a last name and it

Belated Anniversary

I would like to wish my daughter, Barbara Filips, and Son-in-law, Dan Filips, a belated happy first wedding anniversary. Barb and Dan celebrated their November 4 anniversary with a special Chicago outing on Saturday, November 3. Sorry I didn't get the message in sooner. I didn't forget the occasion, just forgot to do it on time!

Wintertime Hours

If you are in the Grass Lake area of Antioch and find yourself a little on the hungry side, why not stop in at Captain Nancy's Restaurant at the Spring Lake Marina. Captain Nancy's is open on Saturdays and Sundays from 7:30 a.m. till 3 p.m.

Another PM&L

The next scheduled production of the PM&L theatre in Antioch is the goul-ish comedy "Arsenic and Old Lace". The show dates are Nov. 23, 24, 30 and Dec. 1, 7, 8 at 8 p.m. There will be a 2:30 performance on Nov. 25 and Dec. 2, 9.

Peter Theylen from Antioch will be the director of the play and assisting Peter in the production of "Arsenic and Old Lace" is Elmarie Beno (stage manager), Ruth Mari Anderson (set designer), Janet Reynolds (lighting), and Ralph Antonellin (set builder). The cast consists of Joanne Cowen, Dianne Hoskin, Tom Hausman, Philip Jaeger, Sander Sunberg, Allen Titus, Lylanne Seger, Bill Finley, Russ Gruber, Edward Jurgaitis, Randy Kick, Regina Reynolds, and Ken Scheske. Remember seating is

limited at the PM&L, so reservations are necessary. Your reserved tickets must be picked up at the box office at least fifteen minutes prior to curtain time. You may call (708)395-3055 for further info or reservations. We are very lucky to have live theatre right here in Antioch. Hope you take advantage of this by enjoying a performance of "Arsenic and Old Lace."

Attention Crafters

The Grass Lake School P.T.O., under the chairmanship of Pam Cardis, will once again be sponsoring the Breakfast with Santa and Arts and Crafts Festival. If you are interested in securing a craft table for this function held at the school on Sunday, Dec. 9, please contact Pam Cardis at (708)395-6972 ASAP.

Artistic Clothing

I recently stopped in to browse at Innovative Screen Printing to see what goodies they had in stock and I walked out the proud owner of a very classsey looking cotton sheeting sweatshirt, which I personally designed. You can purchase sweatshirts, t-shirts, sheeting shirts, etc., already made up or you can pick out a plain color shirt and choose one of many transfers and have the owner, Mark Mallen, press it in place for you.

Innovative is located on the corner of Main St. and North Ave. at 544 N. Main. Janet and Mark Mallen are the owners of this unique Antioch store and they really enjoy helping people design their own shirts. If you visit Innovative, tell Mark "The Lizard" sent you!! If he asks who the Lizard is, tell him the strange talkative lady who designed the black shirt with the big flower in the upper right hand corner and the smaller flower in the lower left side of the shirt.

Cat Out Of The Bag

Well, as promised, I will now tell you what the Lizard's fall new adventure was. Are you reading, Norma Rubash and Pat Lepsi? I took a class in folk art painting and I was half-way successful. The first project, naturally the most simple, made me feel like a true artist. The second one was a little more challenging. I have to re-do the third one, and I murdered Santa's beard on the fourth.

Enough Of This

Everyone is very happy to hear that Mr. Liss, the principal of Grass Lake School is out of the hospital. On the other hand, Pat Harris, the custodian/bus driver decided to follow in Ray's footsteps and enter the hospital. So I have two wishes to extend from Lizard and readers, one is a stay well wish to Ray Liss and the other is a get well wish to Pat Harris.

The Messiah

I received a memo from Ken Smouse informing me that the Community Chorus of Antioch will once again be presenting one of the most loved works of the

Christmas season, "The Messiah", by George Frederick Handel. They began rehearsal's on Sunday, Nov. 11 at Wesley Hall of the United Methodist Church in Antioch. Rehearsals will be held each Sunday afternoon at 2:30 p.m. and if you'd like more information concerning this, contact Ralph Brooke at (708)395-0069 or Ken Smouse at (708)395-1333 immediately. Ralph has served in the past as rehearsal director and will also wield the baton for the performance as well. "The Messiah" will be performed at St. Peter's Church on Sunday, Dec. 16 at 8 p.m. Once again, contact Ralph or Ken concerning the particulars of "The Messiah" presentation.

Emmons Tidbits

The Citizens Research Committee has completed its survey instrument concerning the growth in the district. It was sent home with the children's report cards. Parents are asked to complete and return the surveys ASAP. The students in grades 4-8, the staff, and the Board of Education were also surveyed. The committee plans to release their findings at the December School Board meeting. Emmons Musical Raiders will be participating in the Antioch Christmas Parade on Friday, Nov. 23.

Happy Thanksgiving

You will be reading the next "Hometown Goodies" column the day after Thanksgiving, so I wanted to take this opportunity to extend a very Happy and Healthy Thanksgiving wish to all of you. Hope your turkey and trimmings turns out just right and try not to overeat, then you will have more left overs to pig out on the next day. I personally have a lot to be thankful for and am very happy there is a holiday set aside reminding us all to be grateful for all of the good things we have been blessed with. Naturally we should also reflect on these blessings at other times throughout the year, but just in case we overlook them at times, it is definitely good to be reminded about doing so at least once a year. Thank you, God, for my special family and special friends and all the other good things associated with them.

Lake Villa Aerobics

The Lake County YMCA is conducting a low impact aerobic's class on Tuesdays and Thursdays from 7 to 8 p.m. at Pleviak School in Lake Villa starting Nov. 13.

Nancy Johnson who has been teaching aerobics for over five years will be leading the classes. Nancy is nationally certified by the YMCA of the USA.

The cost of the classes are \$22 for Lake Villa School District Staff and \$26 for the General Public. Registration is on so don't delay for information call Karl Kopp at (708)360-9622.

Rescue Squad receives donation

In appreciation of its fifty years of service to the community, the Antioch Rescue Squad received a \$500 donation from the Antioch News Reporter. News Reporter Display Advertising Mgr. Weddings

Davis-Porter

Beth Davis of Antioch and Norris Porter of Westville, Ill., were married Aug. 11 at the Community Church of Richmond in Richmond, Ill. Revs. Mensing and Seeley officiated the ceremony.

The bride is the daughter of Bill and Judy Davis of Antioch. She will receive her degree in political science from Illinois State in December.

The groom is the son of Mr. and Mrs. Neil Porter of Westville. He is an administrative professional in the College of Business at Illinois State.

Honor attendants were Laurie Nelson, Blair Porter, Dawn Miskell, and Gene Ryan.

Bridesmaids were Nicole Larson, Linda Sarna, Beth Hunt and Heather Rummel.

Groomsmen were Greg Hunt, Kevin Hunt, Brad Snoke and Chris Latoz. The ushers were Charles Kohut and Pat Spiering.

The miniature bride and groom were Tabytha Seger and Steven Seger.

A reception for the newly wed couple was held at Hunter Country Club in Richmond.

The couple have made their home in Normal, Ill.

Mr. and Mrs. Norris Porter

Mr. and Mrs. Charles Payne, Jr.

Sikorski-Payne

Susan Sikorski and Charles Payne, Jr., both of Antioch, exchanged their wedding vows on Sept. 4 at Little White Chapel in Las Vegas, Nevada. Rev. Charlotte Richards officiated the

double ring ceremony.

The bride is the daughter of Patrick Sikorski of Antioch and Charlotte Vanover of Des Plaines. She is a 1981 graduate of Antioch Community High School and is employed at Abbott International, Ltd.

The groom is the son of Charles Payne, Sr. of Antioch and Ardis Payne of Antioch. He is a 1982 graduate of Antioch Community High School and is employed at Monarch Construction Co.

Jean Rederer was the maid of honor. Dave Axen was the best man.

A reception for the newly wed couple was held at the Golden Nugget in Las Vegas, Nevada. An Amtrak train trip to and from Las Vegas was taken.

The couple have made their home in Trevor, Wis.

Rummel awarded

Debbie Jahn Rummel was named an Outstanding Recent Alumni by the University of Wisconsin, Platteville Alumni Association.

Rummel Outstanding alumni

The University of Wisconsin-Platteville Alumni Assoc. presented Outstanding Recent Alumni Award October 20 to Debbie Jahn Rummel, of Antioch, as part of the university's 1990 Homecoming celebration.

Rummel is a health and physical education teacher and gymnastics coach at Antioch High School. She taught at Dodgeville, Wis. High School from 1975 to 1978 and at UW-Platteville from 1978 to 1982. While at UW-Platteville she was also head coach of women's gymnastics

and track and field. She received an M.S. degree in physical education from Winona Minn. State University in 1982.

In addition to her involvement in school and athletic activities, Rummel is a nationally prominent speaker on health education topics. In 1986, she was certified as a trainer for the Physical Management Program, a program cited by the Nation Diffusion Network among "Educational Programs That Work." Her particular area of expertise is physical management for young adolescents.

Santa's Wheels

Upgrading his sleigh for a more dramatic entrance into Antioch, Santa will ride this train in Antioch's November 23 Christmas Parade. The train replicates the B & O train #99, A "Trail Blazer" in westward expansion.

Antioch gears up for the holiday season

The Village of Antioch and Antioch community organizations have announced their 1990 holiday plans.

The season begins officially with the Nov. 23 parade on the Friday after Thanksgiving Day, starting at 6 p.m. from Antioch Community High School and continuing down Main St., turning on Orchard St. and concluding around 7 p.m. at the municipal parking lot on Toft.

The Antioch Christmas parade will sparkle from lights on parade floats created by businesses, community organizations, churches, and school clubs.

Santa Claus intends a dramatic entrance, riding into Antioch by train down Main! The locomotive and passenger car replicate the famous Baltimore and Ohio Railroad Train #99, which rode West Virginia rails, starting in 1853—signaling westward expansion of the B&O, the first U.S. railroad.

School bands will play as Santa hops off the train when it arrives before vil-

lage hall. There school carolers will serenade as Mayor Robert Wilton lights the Christmas trees.

Then Santa will stroll to his Enchanted Castle, where he and Mrs. Claus will stay awhile as guests of the Antioch Chamber of Commerce and Industry and the Antioch Woman's Club. Located at Orchard and Toft streets, the Castle will be open from Nov. 23 through Dec. 23 (weekdays from 5 p.m. to 8 p.m., Saturdays and Sundays from 11 a.m. to 4 p.m.).

On Saturday, Nov. 24, from 11 a.m. to 12 p.m. at the Antioch Theatre, First National Bank of Antioch will host a movie for children, while busy parents are shopping. Admission is free with two cans of non-per-

ishable food items, which will be donated to the Antioch Food Pantry. Santa's Enchanted Castle is another drop-off point for donated canned goods to be distributed through the Food Pantry.

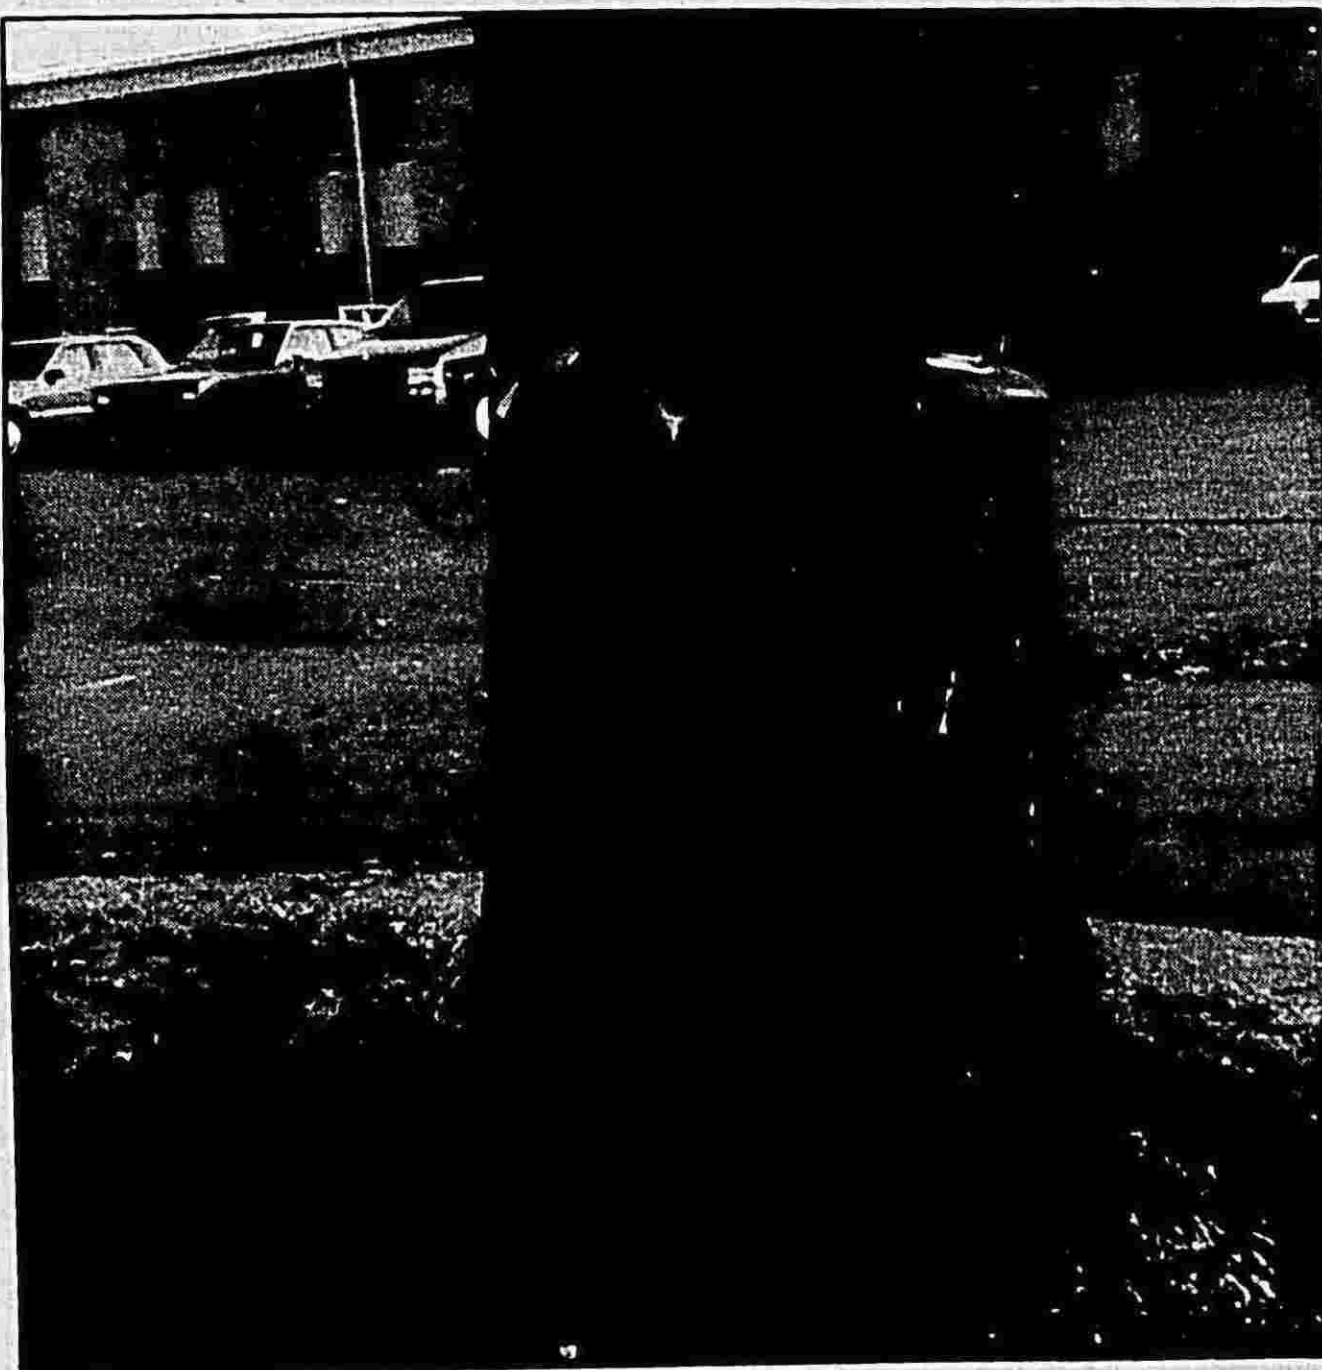

Antioch area children wishing to write Santa may mail their greetings at the Santa's Mail Box located at Orchard and Toft streets in front of Santa's Enchanted Castle. Antioch's Parks and Recreation will arrange for Santa's response to letters with return addresses.

Sparkling lights on Main St. trees—a hometown display rivaling that of Chicago's Michigan Ave.—and piped-in Christmas music to get shoppers humming have been arranged by the Chamber.

PUBLIC NOTICE AN ORDINANCE NOTICING THE PREVAILING RATES OF WAGES FOR LABORERS, MECHANICS AND OTHER WORKERS ENGAGED IN CONSTRUCTION OF PUBLIC WORKS

WHEREAS, the State of Illinois has enacted "An Act regulating wages of laborers, mechanics and other workers employed in any public works by the State, county, city or any public body or any political subdivision or by anyone under contract for public works," approved June 26, 1941, as amended, being Section 39s-1-12, Chapter 48, Illinois Revised Statutes, 1973, and

WHEREAS, the aforesaid Act requires that the Board of Trustees of the Village of Antioch investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics and other workers in the locality of said village employed in performing construction of public works, for said village.

NOW THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH:

SECTION 1: To the extent and as required by "An Act regulating wages of laborers, mechanics and other workers employed in any public works by State, county, city or any public body or any political subdivision or by anyone under contract for public works," approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics and other workers engaged in construction of public works coming under the jurisdiction of the village is hereby ascertained to be the same as the prevailing rate of wages for construction work in Lake County area as determined by the Department of Labor of the State of Illinois as of June of 1990, a copy of that determination being attached hereto and incorporated herein by reference. The definition of any terms appearing in this Ordinance which are also used in aforesaid Act shall be the same as in said Act.

SECTION 2: Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of the village to the extent required by the aforesaid Act.

SECTION 3: The Village Clerk shall publicly post or keep available for inspection by any interested party in the main office of this village this determination of such prevailing rate of wage.

SECTION 4: The Village Clerk shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

SECTION 5: The Village Clerk shall promptly file a certified copy of this Ordinance with both the Secretary of State and the Department of Labor of the State of Illinois.

SECTION 6: The Village Clerk shall cause to be published in a newspaper of general circulation within

the area a copy of this Ordinance; and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

SECTION 7: This ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

PUBLIC NOTICE AN ORDINANCE TO INCREASE THE TAX LEVY

WHEREAS, it has been determined by the Board of Trustees of the VILLAGE OF ANTIOCH that the Tax Levy rate for fire protection within the Village is presently assessed at .25% of the value of all taxable real property within the Village as equalized or assessed by the Department of Revenue; and

WHEREAS, pursuant to Chapter 24, Section 11-7-1, Illinois Revised Statutes, (1985), said statutes reads in part as follows:

'Division 7. Fire Protection Tax - Cities and Village of Less than 500,000'
11-7-1. AMOUNT

The corporate authorities of any city or village containing less than 500,000 inhabitants may levy, annually, a tax not to exceed .075% of the value, as equalized or assessed by the Department of Revenue, of all taxable property therein, to provide revenue for the purpose of fire protection in the municipality. However, municipalities authorized to levy this tax on July 1, 1967 shall have a rate limit of .25%, or the limit in effect on July 31, 1969, which ever is greater. This tax shall be in addition to and in excess of all taxes authorized by law to be levied and collected in that municipality and shall be in addition to and in excess of the amount authorized to be levied for general purposes as provided by Section 8-3-1. Amended by P.A. 81-1509, Art. IV, S34, eff. September 26, 1980.

11-7-3. INCREASE OF RATES

In any municipality which is authorized to levy a tax under Section 11-7-1 of this Division 7, the tax rate limit so authorized may be increased to not to exceed .40% of the value of all the taxable property in such municipality, provided the proposition for such tax rate increase has been submitted to the electors of that municipality and approved by a majority of those voting on the question. The referendum authorized by the terms of this section may be ordered by the corporate authorities, the question to be certified by the clerk and submitted at an election in accordance with the general election law.

However, any municipality whose rate limitation for fire protection purposes is .30% on July 1, 1967 may be ordinance increase its rate limit in the future for such purposes to .40% and any municipality which levied a tax for fire protection purposes in 1960 and whose rate limitation for such purposes is less than .30% on July 29, 1969 may by ordinance increase its rate limit to .30%. A notice of the passage of the ordinance establishing such rate limit at not to exceed .40% or .30%, as the case may be, shall be published once in a newspaper having a general circulation in the municipality.

The ordinance shall take effect 30 days after publication of that notice unless within that time a petition, signed by not less than 10% or 1500, whichever is lesser, of the registered voters of the municipality is filed with the municipal clerk requesting the submission to a referendum of the question of whether the municipality shall have the authority to levy a tax for fire protection purposes at not to exceed the rate limit specified in the ordinance. Any such election shall be conducted in accordance with the general election law. Amended by P.A. 81-1489, S 26, eff. Dec. 1, 1990.

WHEREAS, the said Village feels it is in the best interests of the Village, and in order to insure adequate fire protection, that the Tax Levy rate shall be increased from .25% to .30%.

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, COUNTY OF LAKE AND STATE OF ILLINOIS, as follows:

Section 1: That pursuant to the Statute, the tax rate as of July 29, 1969 was less than .30%.

Section 2: That the Tax Levy rate on the taxable real property within the Village of Antioch as equalized or assessed by the Department of Revenue-State of Illinois, is hereby increased from its present rate .25% to .30%.

Section 3: That all ordinances or parts of ordinances in conflict with the terms of this Ordinance be and they are hereby repealed.

Section 4: That this Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law. This Ordinance shall further be in effect after publication of this Ordinance in a newspaper of general circulation 30 days after the publication notice as provided in Section 11-7-3 above.

Section 5: That a certified copy of this Ordinance shall be filed in the Clerk's office of the Counties in which the Village is located.

Behind the day-care door

Day care providers and their staff have to be versatile enough to wear many different hats in a day's time, from that of a teacher, a psychiatrist, a cook and a janitor to that of a playmate or friend.

Editor's note: This is the second of a two-part series entitled "Day Care Dilemma." Part one focused on a parent's dilemma of searching for adequate day care, the availability of that care, and the referral services available to parents searching for care. Part two focuses on what happens behind the home-based day care door, and what providers do with and for the children during the day.

by PAT CHRISTENSEN
Lakeland Newspapers

Anne checks the time and gently pries three-year old Brooke's clinging hands off her business skirt. Waving goodbye to her infant son, Ben, she blows Brooke a kiss and steps quickly away from the door with a wailing "Mommy! Stay!" ringing in her ears.

That wail will continue to ring in her ears all during the long day until she returns to the day care provider's home in the evening to pick her children up. Then it's an entirely different story.

If Anne expected welcoming smiles and hugs, she gets none today. Tired from a long day's work, she arrives to find Ben crying for the pacifier that has slipped from his grasp, and Brooke, with a dark scowl, knocking over another child's block tower, screaming, "Mine! Mine!"

Anne rolls her eyes and waits for the day care provider to finish changing diapers before telling Anne what a wonderful day both her children have had. Anne wonders, as she writes the provider a check, if she isn't being fed a line of nonsense.

"If I could be a fly on that wall for just one day," she thinks, "maybe I'd understand why they never want to come to day care and they never want to go home again, and why I feel so guilty no matter which it is."

"Anne" is not a real person, but a fictitious Everymom. Most mothers with children in day care have played this scene out for themselves, however, and would like to by a fly on that wall also.

Marsha Baker, a real home-care provider from Mundelein, offers some insight into what goes on behind the day care door. Having been a day care mother herself, she understands parents' torn attitudes, and how they cope with the guilt.

"I think that I was the type that, rather than deal with the guilt feelings, of leaving my son, I had to block it out altogether and trust that he was having a good day."

"Having a day care now, I try hard to see that the children have good days. I'm not so concerned with teaching them the ABC's, as I am with having them enjoy themselves and play while they are here."

"I get up around 6 a.m.," said Baker, the mother of a six-year-old and a two-and-a-half-year-old, "and I start getting children at 7 a.m."

"From 7 to 7:30 a.m., it's very low-key. We get breakfast in and then I have to get

'I'm not so concerned with teaching them the ABC's, as I am with having them enjoy themselves and play while they are here.' — Marsha Baker, home day care provider

my son off to the school bus. So we all put jackets on and walk out to the bus. By that time we get another child in."

Altogether, Baker cares for her own two-year old and three additional two-year-olds during the day.

"The reason I got into this field," Baker said, "was because I couldn't find care for my own son. I was working, pregnant with my second child, and found that there was nothing available but long waiting lists."

"Since I couldn't find anything, I said, 'Why don't I stay home with my older son and take care of infants?' It seemed so simple."

Baker knows better now. "I really didn't know what I was getting into at the time. I never stayed home with my oldest son. I was working and he was in day care, so I had to learn how to take care of children on the spot. I learned by trial and error."

Baker said she learned early and fast, but eventually settled into the routine and now is more confident of her competence. "For the most part," she explains, "with having four different two-year-olds, whatever happens during the day just happens. Lunch can be anywhere between 11:30 a.m. and 12:30 p.m. After lunch, if we have time, we might watch Sesame Street for a half hour or read stories, just something for quieting-down time before nap. There's also changing diapers and cleaning up from lunch to do."

"In the morning and in the afternoon, what we end up doing depends on the mood of the children. We might get the crayons out and color, and they like to paint and work with play dough. Or we might go out to play. And there are always toys. But whatever happens, just happens."

Despite Baker's seeming nonchalance, she takes her job seriously. "I've taken a

Daycare Dilemma

lot of classes. Both the YWCA and the Homemakers Cooperative Extension Service have classes. I've been to the annual conferences for home day care providers and I've taken classes from Reflection, a group that offers classes every four to five months. I'm going to one in a couple of weeks on behavior problems, how to plan days, and dealing with death."

Baker said that classes have caused some positive changes in her approach to young children. "If I'm seeing behavior that's possibly out of hand, the classes offer coping skills, like how to turn an argument into creative coloring time, or if they were to start fighting, what a good response would be. Some of these responses are something that might not have been on my mind had I not been involved in a lot of classes."

Still, Baker admits, she relies on her instincts just as much. "It's like split thinking. I think the classes have given me a resource to pull from. You can deal with your own children any way you want to, but when you deal with other children in your home, you have to be very careful. You can't spank a day care child and I don't spank my own child in front of my day care children. You learn from your parents and that's what I learned. But trial and error have taught me other forms of discipline."

for home care providers who offer breakfast, lunch and snacks, but providers must take special classes, and submit a menu to the state. There are also three annual check-up visits by the sponsoring organization. Breakfast and snack are reimbursed up to 72 and three-quarter cents per child, per day, and lunch and dinner earn a provider \$1.31 and one-quarter cents per child per day.

According to Diane Phillip of the YWCA, her agency is "working on providers becoming more professional in attitudes. Quite often day care providers have be nurturing personalities, and they are taken advantage of by parents who are late, or don't pay on time, or don't pay enough."

"A day care center is quite obviously a business and parents tend to treat them with more respect. Parents must learn to value all forms of child care and understand why costs are what they are."

"Right now," said Baker, "I get \$120 a week for the two year olds, but they are here at least 10 hours a day, and another hour is added on to that for preparation time."

Of her day care Baker said, "Your whole family is affected by it. The day care kids are there all day, then the playroom is a disaster afterwards, so you're down there cleaning in up. And that's time you could be down there with your own child."

"And after that many hours, I'm beat. The energy to make supper many times is not there. I do have an advantage over other parents in that I can throw a pot roast in the oven at three. That's a kind of trade-off, while the kids sleep I can prepare my families meal."

Once every third month in the evening, Baker tries to have a "Mom's night out," to update the parents on what's going on and keep them abreast of how the day goes. "It's also a chance for us all to pool resources. We've got four different children being potty trained, and four moms with different ideas on potty training. It also gives me a chance to find out what's going on at home for the kids."

Asked if she had considered getting out of day care, Baker responded, "It's real hard. You feel pulled in different directions. That's something my husband and I have been thinking about. I probably will be out of the field in a year, but I won't want to work full time. I would like to still be here to get my son on the bus, and take the other one to nursery school. I'd like to make it a shorter day."

"I'm not one to be down on mothers who work, because I worked until my son was three and a half, but I see the disappointments of the children who don't have their Mommies. They come home from school and tell me all about their day. They're all excited, and by the time Mom comes in a couple of hours later, the excitement is all gone."

"But this work has a lot of rewards," she added. "When I'm having a bad day, what I need to remember is the benefits I'm giving these kids. They're in a home with only themselves and two other kids to deal with, rather than in a center with 16 other kids."

Keep ballot power

Lake County voters left no doubt in the general election that they want to keep their hands on the ballot box by voting two to one in favor of retaining the offices of coroner and recorder as elective rather than appointive. Strike a blow for representative government!

In the election aftermath, we can't help but wonder what in the world happened to the advocates for making the two offices appointed? The students of local government made their recommendation to put the question on the ballot and promptly disappeared. Shame of them.

We're also puzzled by the inconsistency of the influential Chicago Tribune which

advocated---in the same editorial---that Lake County voters make the coroner and recorder appointive and authorize the County Board chairman to be selected by popular vote in Kane County. Talk about taking away and giving back in the same breath!

If the citizens committee isn't totally disenchanted with reforming county government, we'd like to suggest a proposal which is more apt to get voter support---electing the County Board chairman by popular vote. Maybe electors would like to get their hands on that position? Now, there's a question that ought to gain attention.

Metra on target

There's a lot to feel good about in the long range plans of Metra to expand commuter rail service. For one thing, officials of RTA's rail arm are thinking in terms of all four points on the compass. Road builders and regional planners, at least in this locality, tend to look only at highways running in a north-south direction.

Metra now has expanded its focus on Wisconsin Central utilization from a Mundelein terminus to the Wisconsin stateline. That makes a lot of sense. This means that communities like Grayslake, Round Lake Beach, the Lindenhurst-Lake Villa area and Antioch are now being included in long range planning for commuter rail service. We never could figure out why this area of the Wisconsin Central never was included in planning before, unless planners hadn't caught up with population projections in northern sectors of the county. Now they have and Metra is enthusiastic about running service to Antioch.

Metra officials also are keen about the potential of east-west service on EJ&E trackage. Fully utilizing this stretch would be mean another commuting option for residents of Libertyville, Mundelein, Lake Zurich and Barrington in Lake County.

Every time Metra expands its services,

pressure is eased for more highway building. True, a railroad is a magnet for development, but expanding rail service is a lot less costly to taxpayers and much less damaging to the environment.

After nearly a quarter of a century of service, RTA finally is coming into its own. Metra is attracting national attention for something its present riders take for granted---on-time reliability and fiscal responsibility.

We're fortunate, indeed, to have a person like Jeffrey Ladd serving as Metra chairman. He knows our area well and he's a stickler for getting the most out of the fare box income and state subsidies that are required to make public transportation function. We feel comfortable that Metra's share of \$450 million of the additional \$10 billion in RTA bonding power will be spent wisely.

After all, there are more than 10,000 "watchdogs" in the form of daily Lake County riders keeping an eye on where the money goes, 4,200 on the Milwaukee Road north line, 4,600 on the Northwestern north line and 1,800 on the NW northwest line. They know whether Metra is doing its job and they're not afraid to sound off when service isn't up to par.

Crystal ball cracked

Editor:

Mike Graham's and Joe Soulak's predictions of a backlash to the Republican leadership in Lake County was wrong.

This did not surprise me because Graham is always wrong. The man simply is not in touch with the people of Lake County, he never tells the truth, speaks the truth or knows the truth. Everyone in Lake County knows of "Mike's Math" and "Francis' Facts."

The Republican leadership in Lake County gave Jim Edgar a 62 percent plurality in Tuesday's election. A mandate to 14 years of responsible Republican leadership in the governor's office, a mandate for the Republican leadership in Lake County of Bob Churchill, Bob Neal and Adeline Geo-Karis. I, of course, feel honored and proud to be a supportive Republican.

Over-zealous police

Editor:

Among the motorists of Lake County, the Village of Lindenhurst is becoming known as a town with an over-zealous police force. Concealed officers manning radar speed traps are a daily occurrence. The mayor of Lindenhurst states that the purpose of the numerous patrols is to control traffic and crime.

However, it would appear that their main purpose is to raise revenue as tickets issued for violations (resulting in payment of fines) greatly exceed warnings. This misguided traffic control policy results in the harassment of law abiding citizens who are no threat to their fellow motorists. Questionable stops by the police include such petty offenses as failure to dim headlights, blinking of headlights (an obvious reaction to motorists who are aware of the numerous radar traps), noisy mufflers and marginal speeding offenses.

Based on the experiences of myself and my family, I have concluded that the Village of Lindenhurst does not want me in their village. In an attempt to honor these wishes, we no longer patronize Lindenhurst businesses. In this day of over development in Lake County, there is no lack of alternate places to shop.

Waste Management Corp. closed its Meadowview site, but will reopen as a full compost operation as soon as they obtain a conditional special-use permit from the county.

Waste Management received a red-tag, three weeks ago, but ceased their operation two weeks ago. I was under the impression a red-tag meant all operations must stop immediately. Mary Ryan, spokesperson for Waste Management, stated that reason they closed the site was because they did not want to jeopardize their ability to obtain a county permit, not because they had been red-tagged.

Ryan stated that there are two times for odors in land-use application. First, when the load is brought in, and second if the ground is wet and the waste has to be stored for a few days before they can get it into the field. The yard waste is treated with lime to minimize odors, but near neighbors can attest to the fact that it doesn't always work. I am not a "near" neighbor, and I can attest to the fact that it never works. Throughout the summer months, my family and I were forced to retreat into the house, close the windows, and turn on the air conditioning just to escape the putrid odor from Meadowview.

The Illinois EPA has issued three composting permits in Lake County this year, with two being on Rte. 83 in Grayslake. Did the EPA check the sites with proximity to residential areas prior to (Continued on next page)

Dome to doom wonderful day: Bear weather

by BILL SCHROEDER

Earth-shaking debates being what they are, the furor over Chicago's McDome may be done and over with by the time these thoughts make print.

After attending last Sunday's Bear game at Soldiers' Field, I just want to add my two cents that the experience was all together pleasant even if the Bears have hit upon a dull way of winning football games. I guess there's enough excitement in the mere fact of winning. You don't have to get dramatic.

My companions, including a group of hale and hardy young collegians from the Purdue football team, exorted in Bear weather. We drove through rain and sleet. A biting, damp wind blew off Lake Michigan as we made the trek from the parking lot to the stadium. Once inside, everyone forgot about the weather and concentrated on the commotion going on around them or their favorites warming up on the field (natural grass).

Indeed, it was Bear weather. Color the skies November grey. Season ticket holders wisely dressed for the occasion. They know how to deal with Bear weather. You dress warmly, ignore the temperature and have fun.

The point is that having a roof over our heads wouldn't have added anything to the festivities and might even have detracted.

Remember, a certain toughness is required to cope with Bear weather. Bear fans are macho people. Domes are for sissies---and politicians. Well, domes also are for owners and promoters who are out to fatten their wallets. But once play begins, fans and players could care less about being protected by a dome. As the Bears slowly piled up points, the clouds parted and the sun came out. Enjoying a Bear victory on a crisp, sunny fall afternoon. Beer is sold until two minutes into the fourth quarter and the washrooms are heated. Things can't get much better.

The damned dome probably will be built. After all, if Chicago doesn't provide a dome, Bear ownership will relocate the team to Lakemoor where the local politicians will make it possible for a domed stadium to be built. There'll be a dome one way or another. Political forces will find a way. Rte. 53 is going through as a tollway instead of a state highway, remember? I happen to like Bear weather with nothing over my head but a hat and an occasional pigeon.

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

EGG ON HER FACE—Newly-elected Lake County Board member Robert Depke of Warren Twp. may have clear sailing in his bid to become board chairman. The realigned body will pick its new leader next month.

One of his potential challengers, Matthew Miholic of Lake Bluff, was not re-elected. Another, incumbent Jim Dolan of Libertyville, has the will, but not the way.

And a third would-be chairman, Andrea Moore also of Libertyville, has egg on her face. It came as a result of the surprise announcement that Corley Real Estate Corp. of Northbrook will not develop the 1,174-acre Cuneo estate located between Libertyville and Vernon Hills. Moore was the "great compromiser" in August who held out for an agreement that would have led to acquisition of 62 acres by the Libertyville Twp. Open Space Dist. in cooperation with the Lake County Forest Preserve Dist.

That didn't happen. The developer says an agreement was to have been signed by Nov. 2. Blamed is everyone from Moore to Libertyville Twp. Supv. Ralph Swank Jr. and his predecessor, F.T. "Mike" Graham.

The real truth, others say, is today's faltering economy and the

poor market for luxury homes in the \$175,000 to \$350,000 range planned for the prize property.

Moore couldn't pull this one off. For years she has given lip service to the open space concept and, particularly, on the Cuneo property. County board wags are wondering what Moore will do now to bolster her candidacy. She wants to be County Board chairman as much, if not more, than Depke.

DIAMOND IN THE ROUGH—Is there a juicy political job in store for Waukegan Twp. Republican Chairman Jack Diamond?

The man who worked for Secretary of State Jim Edgar as a bank and tax auditor is slated to soon be working for Jim Edgar the governor.

Diamond was the Lake County fund raiser for Edgar's successful gubernatorial campaign. He did a "golden" job. One of his most successful functions was a \$50-per-person hors d'oeuvres-only function in August at Maravella's restaurant in Fox Lake.

Election night a beaming Diamond was seen standing behind Edgar in the glare of television camera lights as the new governor made his victory speech.

How much closer can one person get to the seat of state power for a diamond in the rough?

POLITICAL CHAMELEON—Suzi Schmidt of Lake Villa, the Dist. 4 County Board member, is confounding the opposition.

No one on the political scene seems to know if she is fish or fowl (Republican or Democrat).

Schmidt, who was elected two years ago as a Republican, cavorted with as many, if not more Democrats, than Republicans in the November election. Schmidt was spotted at Democratic functions for County Clerk Linda Hess and Dist. 6 County Board candidate Beth Geuzendam of Wauconda.

"I've got friends in both parties," Schmidt said, "and I represent people of both parties. The people who elected me are Democrats as well as Republicans."

Schmidt-watchers don't know what to make out of her style of politics.

BELIEVE IT OR NOT!—What party does the Lake County Assn. of Realtors Political Action Committee (RPAC) Support?

That is the title or an item in the group's November newsletter. It says:

"A request for voluntary contributions to RPAC will be included in your annual dues billing in November."

"Does RPAC support Democrats or Republicans? Both! RPAC itself is non-partisan in its selection of candidates to support; mere party label is not considered. The record, program and quality of each candidate, plus assessments by local boards and state associations determine who gets RPAC support."

"Is RPAC legal? Of course. RPAC

has been in existence since 1969 and is in full compliance with the law at all levels. Political Action Committees (PACs) have been authorized by an act of Congress and reaffirmed by the Supreme Court. You can't get more legal than that."

Open-space advocates like County Board members F.T. "Mike" Graham of Libertyville, Norman Geary of Grayslake, John Reindl of Mundelein, Larry Leafblad of Highland Lake and Carol Calabrese of Libertyville have a hard time believing this. They were either defeated or came close to that fate in the spring election no thanks to RPAC money.

But then again, all's fair in love, war and politics.

DEATH AND TAXES—At least two village trustees in Libertyville aren't up for election next spring. They're the ones promoting new taxes.

Trustee Don Couslon last summer suggested a utility tax to be paid by electric and telephone users. It didn't fly.

Now, Trustee Patricia Enderle thinks a room tax would be a good idea. It's not an idea whose time has come, according to her counterparts on the board.

What's next? Higher taxes, anyhow. That's the nature of the beast. Whoever saw taxes go down?

You know the old saying: "Two things of which you can be certain in this life are death and taxes."

permit issuance? Were the possible health hazards to persons suffering from asthma, allergies to grass and molds taken into consideration? Was the effect of the pesticide being sprayed to control flies on the soil and ground water explored? Obviously, more technology is needed to control the offensive odor. It is the job of the EPA to protect the environment, not promote additional pollution.

All residents of Warren, Avon, Fremont and Libertyville Twp., who have concerns or complaints regarding Meadowview, must write or call their County Board representative. Better yet, voice your opinion at the Lake County Zoning Board of Appeals preliminary hearing, Nov. 28. Your silence is your greatest enemy, if you don't speak up, the smell of Meadowview will be back next year, and you will have no one to blame but yourself.

Board embarrassing

Editor:
How embarrassing! How could the school board not know that the 14 acre field near Copeland Manor School was gifted land? How ungrateful, to think the board would even consider selling this property.

What an insult to the former residents, the Robert Staller family presently of California, who had to write back to Libertyville to defend their gift. How many land owners would be so generous to a community? I am appalled to think we could be so unappreciative.

I want to think maybe the school board was unaware of this "gift." If this be true, why wouldn't such important facts be "up front" information to all those serving our school interests?

I feel that school board owes an apology to the Staller family and lets hope such an unfortunate situation never happens again in Libertyville.

Lottery makes slaves

Editor:
The WGBH program "Betting on the Lottery" which aired on WTTW in Chicago Thursday evening at 9 p.m. was brilliant! Auditioning all the actors in the U.S. from MGM to the smallest community theatre group could not have produced a person better able to portray the Lottery Lady than the real, true to life director of the Illinois Lottery, Sharon Sharp. No one else could have gotten across that incredible feeling of power she obviously enjoys. That touch of callous disregard for human decency she displayed in her narration of the conversation with the bag lady was priceless.

Considering the constant media blitz to Play Lotto who can blame the well-meaning parent who risks his or her child's milk money in an effort to win a better life for their family? After all you have to play to win! At least when the mob ran numbers they didn't advertise.

The legislators have found a way to let their rich friends and financial supporters off the tax hook without reducing their take. The Lottery Lady gets the high of having slaving "Instate Millionaires" faun all over her, on a yacht yet. The janitor with more than \$70,000 in losing tickets gets to dream the big dream.

Yes, Sharon, you are your brothers keeper. But you and the others who toot the lottery horn are like Joseph's brothers, selling their brother into slavery!

Leaves clog village

Editor:
Two weeks ago I drove through Hainesville. The folks there were out raking and burning their leaves. It sure did smell good, and their yards looked good.

I drove around Grayslake, leaves were observed all over the streets, gutters, lawns and even on Center St., it sure did look bad. I'll bet the sewers are clogged up too! Our village looks like hell!

Mom Likes To Cook

By Randee Rian

We gather together

Thanksgiving is the most traditional menu of the year for American families. Apart from the pleasure we take in being together, one thing has remained constant at Thanksgiving—Turkey. It is the dish of honor, and people who never think of turkey at any other time of the year feel it is their duty to stuff and roast a 10 to 20 pound bird.

However creative we are in celebrating the bounty of autumn, we still choose to serve the dinner of the Pilgrims, turkey with stuffing, corn meal and squashes. Years later we added sweet potatoes, cranberries and pumpkin pie.

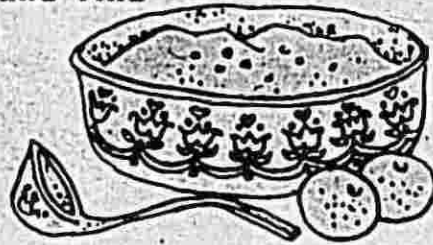

In the true spirit of Thanksgiving, we gather together families and friends, bow our heads and give peaceful thanks for all our blessings.

Sweet potato soufflé

Creamy and light, this sweet potato dish is delicious with fresh orange juice, rind and sweet sherry.

- 4 cups mashed sweet potatoes
- 1 fresh orange, juice and rind
- 2 Tbl. butter, melted
- 4 Tbl. brown sugar
- 1/4 cup sweet sherry
- 2 egg whites, beaten stiff
- orange slices
- 1 tsp. broken or coarsely chopped walnuts

In a two-quart bowl combine the sweet potatoes, orange juice, rind, melted butter, brown sugar and sweet sherry. Mix well. Fold in the stiffly beaten egg whites. Correct the seasoning with salt and pepper. Pour into a 10 inch square baking pan. Bake at 350 degrees for 30 minutes. Serve with a scoop and garnish with orange slices, if desired.

Cranberry holiday salad

Try this instead of a cranberry sauce this year. Fresh, cool and easy to make.

- 1 (12 oz.) package fresh cranberries
- 2 cup sugar
- 1 lb. seedless red grapes, halved
- 1 cup chopped pecans, toasted
- 1 cup whipping cream, whipped

Position knife blade in food processor bowl; add cranberries. Cover with top; process 20 seconds or until cranberries are coarsely chopped. Combine cranberries for two hours, reserving liquid for other uses. Combine cranberries, grapes and chopped pecans; fold in whipped cream.

Yield 8 servings.

Thanksgiving potatoes

These mashed potatoes are super rich and a special treat served with the bird.

- 9 large baking potatoes, peeled and diced
- 1/2 cup butter, room temperature
- 12 oz. cream cheese, room temperature
- 3/4 cup sour cream
- 1/2 tsp. ground nutmeg
- salt and pepper to taste

Place the diced potatoes in a large saucepan with water to cover. Heat to boiling and reduce heat and simmer until tender. Drain.

Place the potatoes in a mixer bowl. Cut the butter and cream cheese into small pieces and add to the potatoes. Beat with an electric mixer until light and fluffy. Beat in the sour cream. Season with the nutmeg and salt and pepper to taste.

Serve immediately or reheat in a buttered casserole at 300 degrees for 20 minutes, if you want to prepare them in advance.

Makes 8 servings.

Turkey dinner rolls

Shaping frozen dinner rolls into turkeys is just like working with clay, except you get to eat the results.

Clever centerpiece for the Thanksgiving table fittingly done in earth colors is a combination of bisque and straw pilgrims, a ceramic pumpkin pie plate and, of course, old Tom Turkey, all backed with a colorful fall leave arrangement. —Photo by Randy Rian.

Thaw a package of white or wheat dinner rolls. With two balls of dough a turkey dinner roll is made. Flour your hands, then shape one ball into the head, body and feet. The other ball is the tail. Wet your fingers with water to seal the body and tail together. Place slivers of almonds in five rows to simulate feathers. Use a whole clove for the eye and poppy seeds sprinkled on the chest.

Place on greased cookie sheet and let rise until almost doubled. Bake at 350 degrees until lightly browned, about 15 minutes.

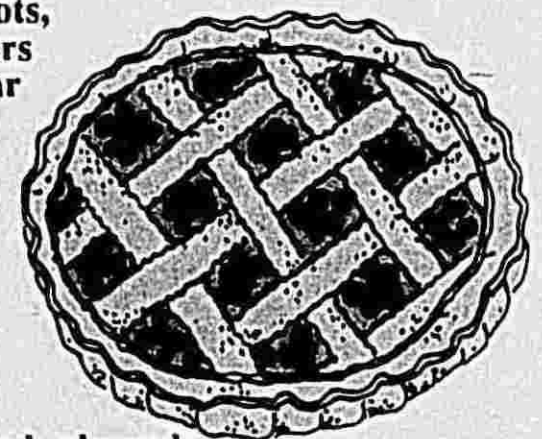

If you wish to glaze before baking, brush with one egg mixed with one tablespoon water.

Cranberry lattice pie

A new flavor for this year, my family really enjoyed it. A deliciously tart combination of fresh cranberries and apricots.

Pastry for double crust 12 inch tart (crust and lattice)

- 3 cups fresh cranberries
- 12 dried apricots, cut into quarters
- 1 1/4 cup sugar
- 1/2 to 3/4 cup water
- 1/3 cup amaretto liqueur

Glaze:

- 1 egg
- 2 tsp. water
- 1/4 cup slivered almonds

For the filling, combine the cranberries, apricots, sugar and 1/2 cup water in a medium-size saucepan. Cook uncovered over medium heat, stirring occasionally, for 15 minutes. (If the mixture seems too dry, add an additional 1/4 cup water). The cranberries should be popped. Add the liqueur and simmer for 15 minutes more.

Preheat the oven to 375 degrees. Divide the dough in half. Roll out one piece to a 13 1/2-inch circle on a lightly floured surface. Line a 12 inch tart pan with removable bottom with the dough. Trim the edges. Spread the cranberry filling in an even layer in the bottom of the tart shell. Roll out the remaining dough 1/8 inch thick. Cut into 1/4 inch wide strips and arrange in a lattice pattern on the top of the pie. Trim the edges.

To make the glaze, beat the egg and water together. Sprinkle the top of the pie with the almonds and brush with the egg wash. Bake until the top is golden and the filling is bubbling, about 45 minutes. Let cool and serve at room temperature. Top with whipped cream or a heated tart with vanilla ice cream.

Makes 10 to 12 portions.

Indian corn harvest basket

A harvest box or basket decorated with colorful ears of Indian corn will certainly put you into the holiday mood. What a wonderful way to use our season's bounty of Indian or field corn.

Hope you'll try this one, it's a great gift to share, too.

Supplies needed:

- a basket (flatish about 3 inches deep) or a corrugated box (about 6 inches deep)
- Indian corn with husks
- dried leaves
- hot glue gun
- moss

Peel back the husks from the Indian corn. If the husks are stiff, soak them in water to make them more pliable. Cut the kernels from one side of each ear to flatten. With the glue gun, liberally apply glue to cut side. Glue ears one at a time to box or basket, vertically or horizontally, depending on your choice. Fill the cracks with glue and fill in with dried leaves, husks or moss. Twist and make a corn husk bow and glue to basket handle or on a corner of the box.

To display, set a bowl of autumn flowers, fruit or gourds in your new container and enjoy!

Comfort Inn

Close To Perfection, That's Jamaica Vacation

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

Jamalca, the weather is always perfect, the sea a crystal blue, the people smiling and friendly and the sand a powder white.

Jamalca is, however, a large island and transportation is poor. It is for this reason most vacationers seldom travel far from their resort. Your choice of hotels and the area in which you want to stay is therefore an important one.

There are three main resort towns in Jamalca. They are Montego Bay, Ocho Rios and Negril. One is just right for you!

Most flights will arrive at the airport in Montego Bay. If you want to avoid the two-hour bus ride to the other resort areas, a hotel in Montego Bay is for you.

The more reasonably priced hotels in Montego Bay may not have their own private beaches. However, there is a very fine public beach known as Doctors Cove. This beach is also the site of some lively beach parties on Friday nights!

The more luxurious hotels such as Sandals and Jack Tar Village have their own beaches. These are also "all inclusive" resorts where all your meals, drinks and water sports are included.

Ocho Rios is an ocean port where most of the cruise ships dock. It is larger and less rural than Montego Bay and offers more of the comforts of a city.

A spot in Ocho Rios which one should not miss is Dunes River Falls. Not only can one climb this 900-foot waterfall, but there is an excellent beach where the falls reach the ocean.

If you really want to get away from it all, Negril is the spot for you.

This is an area of Jamalca first discovered by the flower children of the '60's. It boasts a seven-mile-long pure white beach. (Part of which is marked "Swim Suits Optional" for those wanting a 100 percent tan.)

The building codes dictate that no building can be taller than the tallest palm tree. Resorts run anywhere from small tree houses with no electricity to the luxurious Hedonism II.

If you have the time, by all means visit a couple of these areas. If you rent a car, remember Jamaicans drive on the left. I recently rented a car in Jamalca which had an interesting advertisement on the dashboard. It read "Remember, keep left. If you forget, call us, Joe's Wrecking".

CLC plans spring Peru study tour

A foreign study trip to Peru is being planned by the College of Lake County. The trip is slated for March 22 through 31, 1991 and will be lead by Mario Maculan of CLC's Spanish department. The cost is \$1,795 which includes air travel, train travel in Peru, local tours by bus, double accommodations, and approximately two

meals per land day. All participants must register for HUM 124-990. CLC tuition is not included in the tour price.

The tour will visit the Andes, the Amazon, the ruins of the Inca and study their past. From the thin air of the high Andes to the deep silence of the Amazon, Peru is a world like no other. Ancient cultures, colonial splendors and modern comforts are all found in Peru. Lima, Cuzco, Iquitos, and the ruins of Machu Picchu are all part of the itinerary.

For more information call (708)223-6601 ext. 564 or 550.

Bay Trip

The Waukegan Park Dist. will sponsor a trip to the Green Bay Packers vs. Tampa Bay Buccaneers game on Sunday, Nov. 25, at the Milwaukee County Stadium.

"The Widow's Blind Date"

'Widow' disturbing

by TOM WITOM

Dark and disturbing are the operative words for "The Widow's Blind Date," a play by Israel Horowitz getting its midwest premiere at Chicago's Synergy Center, 1753 N. Damen.

Director Elizabeth Sipes sets the heavy mood at the outset with a stage that's a junky New England newspaper recycling operation.

Critic's Choice

Terry Muller gives a fine performance as Archie Crisp, a beefy, dim-witted bruiser, as does Robert Maffia, as George K. Ferguson, a life-long pal who doesn't seem to be playing with a full deck.

Bethany Evans gives a harrowing performance, pulling no punches as she recalls her feelings of that fateful night and the many nightmares that followed.

Despite a dramatic setting and strong acting, the script is uneven. As a result, what could be a powerful conclusion ends simply at the level of a whimper.

"The Widow's Blind Date" is scheduled to run through Dec. 16. Ticket information is available at (312)327-4215.

Newcomer in PM&L's cast

Joanne Cowen, Camp Lake, is playing Abby Brewster in a new production of a classic murder/comedy, "Arsenic and Old Lace," set to go on stage at the PM&L Theatre in Antioch on Friday, Nov. 23, at 8 p.m.

Peter Thelen of Antioch will direct the comedy which is the story of two elderly sisters who populate their cellar with the remains of socially and religiously "acceptable roomers," killed by their partiality to the sisters' homemade elderberry wine.

Others in the cast include Lylann Seger, Wadsworth as Elaine Harper; Edward Jurgatis, Lake Villa, as Pat Brophy; Diane Hosken, Lindenhurst as Martha Brewster; Tom Hausman, Antioch, as Teddy Brewster; Philip Jaeger, Zion, as Johnathan

Brewster and Sander Sunberg, Ingleside as Dr. Einstein.

Other cast members are Bill Finley, Round Lake Beach, Russ Gruber, Ingleside, Reggie Reynolds, Round Lake, Ken Scheske and Randy Kick, Antioch.

Backstage staff members are, stage manager, Elmarie Beno, Wildwood; production and costumes, Ann Livermore, Antioch; set design, Ruthmari Anderson, Gurnee; set builder, Ralph Antonelli, Antioch and lighting, Janet Reynolds, Antioch.

The play will also run on Nov. 24, 30, Dec. 1, 7 and 8 and on Nov. 25 and Dec. 2 and 9 at 2:30 p.m.

Tickets are \$6 for adults and \$5 for seniors and students. Call (708)395-3055 for information.

Election patrols vote out violators

Specially trained teams were on patrol at Lake County polling places to ensure a smoothly-run Nov. 6 election.

In order to assure fair and impartial voting, State's Attorney Michael J. Waller and County Clerk Linda Hess worked together to help eliminate fraud, and procedural and mechanical problems from the voting process.

According to Hess, the Clerk's Office

\$3 million Carmel drive starts Nov. 15

Carmel High School will announce the Carmel 2000 capital campaign with the unveiling of the progress barometer at 9:30 a.m. on Thursday, Nov. 15.

The sign will be located at the Rte. 176 entrance to the school grounds in Mundelein. Information concerning the success of the campaign towards its goal of \$3,000,000 will be recorded on the sign in the form of bricks on the path "To Reach the Dream".

Carmel 2000 will provide a minimum scholarship fund of \$350,000 for financial aid to deserving students. We intend to insure that no qualified student be denied a Carmel education due to limited funds.

commissioned "field reps" to travel throughout the county in pairs, keeping an eye out for election day glitches ranging from broken voting machines to possible cases of election fraud.

Each duo followed a checklist to confirm that appropriate signs were up and in the proper place, the ballot box was securely sealed, turnout was consistent and all election procedures were being followed.

In the event of an emergency, such as a mechanical breakdown, the pair could be paged and sent immediately to the site.

"Their job is to make sure that if the problem comes up, it will be handled immediately," said Hess.

Reinforcements were available from the State's Attorney's Office in the form six teams of overseers. Comprised from 15 people, 12 attorneys and three investigators, the staff was available to answer questions for election judges and to review complaints or criminal violations of election laws.

The groups worked in cooperation with the field reps, offering legal advice on less clear cut allegations of electioneering.

The teamwork resulted in what Hess referred to as a "very peaceful" election with a "brisk pace of voters".

Carmel students elect officers

Members of the freshmen class of Carmel High School went to the polls to elect classmates to the Freshmen Board of the school's Student Council. Students had to be registered to vote weeks before the elections were held. According to Erich Grubert, the spokesperson for the

Student Council, 280 out of 360 students completed the registration process.

During a week of campaigning, candidates were busy convincing the electors through posters, announcements, and campaign literature stuffed into lockers.

Dierdre DeMeyer of Grayslake were elected president and Susan Highsmith of Mundelein was elected vice-president. Stephanie Gopp of Lake Villa, Blake Sands of Vernon Hills, and Jennessa Lystlund of Zion were elected as at-large members of the board.

Review some of the basics during stress time

by D. CRAMPTON

To say that the economic outlook is uncertain is to put a "game" face on what may turn out to be a very difficult period for our country and many of its citizens. The woes of the real estate market, including flat or sinking home prices, reductions in new home starts and commercial

vacancies, have been well documented.

Inflation rates, driven by high interest and fuel costs, threaten the already tight budgets of those on fixed incomes and of working Americans whose salary and wage increases are more than offset by reductions in the value of the dollar.

Frightening federal

deficits, a direct consequence of the "play now, pay later" economic theol-

ogy of the 1980's, have, among other things, recently produced a scheme of tax increases that promise

to further limit our opportunities and, more importantly, our expectations.

With all of this depressing news, each of us has a renewed duty to recognize and accept our share of the responsibility for the economic and fiscal crises in which we now find ourselves. We've gotten overly comfortable with blaming others for our financial reversals.

We blame the Congress for its spending programs or our presidents for their lack of leadership. We blame Wall Street for the junk bond mess, citing its greed even as we fail to recognize that it was our own which created these markets in the first place.

We were happy to accept double digit interest on savings accounts and certificates of deposit with the local savings and loan, but are angry over the collapse of that industry and what turned out to be its multi-billion dollar price tag.

Our national pride is injured when the Japanese and the Germans purchase our corporations and our trophy real estate. Where was that pride when it became clear that they had become more productive than we?

We elect our public officials. While we may gag at the choices we have, we are steadfast in our refusal to do what is necessary to attract quality candidates, especially those that will tell us what we need to know rather than what it is we

want to hear. This is particularly true in the arena of public finance.

It is each of us that makes our investment and savings decisions. We've gotten in the habit of expecting unreasonable returns, ignoring the axiom that which looks too good to be true usually is, even as we expect someone else to hold the bag when things don't work out the way we'd convinced ourselves they would.

Our shared heritage is that the strength and vitality of this country and so many of its people was derived from what now seem to be the endangered notions of family, self-reliance, hard and honest work, saving and investing, education and learning for its own sake as well as for economic gain, and willingly helping those that really need it. Hopelessly idealistic? We disregard them at our peril. Let's review some of the basics of personal financial management with these concepts in mind.

• Invest for the long term; short term ups and downs mask long term trends.

• Put your funds with people and/or companies that you take the time to investigate. Be confident in their honesty, even though they may sometimes bring bad news.

• Understand your risk tolerance. If you seek exceptional returns, you run exceptional risks.

• Do not make investment/savings decisions on the basis of peculiarities in the tax law. We should know by now that though taxes are as certain as death, their specifics are changed as often as dirty laundry.

• Maintain a reasonable level of liquidity. As an instructor of mine once said, "things go better with cash."

• Avoid all but the most necessary debt. It is increasingly expensive and creditors really don't care if you mean well.

• Plan for and invest for your own future and for the future of your family. It is no one else's responsibility to do so.

• Put a little something aside from time to time to aid the disadvantaged among us.

These guidelines should increase the likelihood of financial independence, enhance the ability to adapt to changing economic circumstances and reduce the negative impact of external financial forces. This kind of self-reliance is within the grasp of each of us.

Kemper Corp. reports decrease in net income

Kemper Corp. reported net income from continuing operations of \$37.5 million, or 77 cents per share, for the quarter ended Sept. 30, compared with \$56.0 million, or \$1.14 per share, for the same period in 1989.

"Our third-quarter earnings were affected by a number of factors," said Joseph E. Luecke, chairman of the board and chief executive officer of Kemper Corp. "A general slowdown in the financial markets contributed to lower fees within our asset management and securities brokerage operations, while our property-casualty and reinsurance businesses were impacted by weather-related losses."

The 1990 third-quarter results include the previously announced \$9.3 million, or 19 cents per share, charge to earnings to establish reserves covering tornado-related and hail-storm losses for Kemper's property-casualty insurance and reinsurance segments.

The 1990 third-quarter net income also included after-tax realized investment gains of \$2.4 million, or five cents per share. The gains are net of \$6.8 mil-

lion in after-tax charges to write down certain below investment-grade securities in the quarter. Third-quarter 1989 net income reflected after-tax realized investment gains of \$4.1 million, or eight cents per share.

Revenue for the 1990 third quarter was \$725.4 million, compared with \$698.0 million in the same period last year.

Nine-Months Results

The net loss from continuing operations for the first nine months of 1990 was \$34.0 million, or 71 cents per share, compared with net income of \$180.6 million, or \$3.43 per share, for the same period in 1989.

Excluding the \$161.1 million in after-tax charges taken in the second quarter to cover the brokerage operation restructuring and a NASD arbitration panel award, net income for the first three quarters of 1990 would have been \$126.3 million, or \$2.59 per share.

Included in the 1990 nine-month results are after-tax realized investment gains of \$16.1 million, or 33 cents per share, compared with \$16.2 million, or 31 per

share, in the 1989 period. The 1990 gains are net of after-tax charges of \$11.8 million to write down certain below investment-grade securities. The nine-month 1989 investment gains do not reflect similar charges. Write-downs totaling \$11.4 million in 1989 were taken in the fourth quarter.

Revenue for the 1990 nine-month period was \$2.2 billion, up 6.0 percent from \$2.1 billion in the same period in 1989.

In discussing nine-month results, Luecke commented on Kemper's securities brokerage operations and asset quality.

The deteriorating conditions of the securities marketplace in the third quarter overwhelmed the savings Kemper was beginning to realize through the previously announced restructuring of its securities brokerage operations, Luecke said. While Kemper is proceeding as scheduled with its plan to cut expenses at its brokerage operations, the company is adjusting its restructuring effort to generate an expected \$50 million in after-tax savings, up from an earlier estimated \$30 million.

A framed silver shovel was presented to Richard Jaffee, left, president of Oil-Dri Corporation of America, Chicago, by Robert Lamphere, president, Van Vlissingen and Co., Lincolnshire, in ceremonies at the ground breaking this fall of a 22,500 square foot research laboratory in The Corporate Woods, Vernon Hills. Oil-Dri Corporation mines, manufactures and markets products that absorb and clarify liquids and other materials.

Certificate of Deposit to Support Local Charities

A new certificate of deposit which donates a percentage of the deposit to a charity of the investor's choice is being offered by Home Federal Bank for Savings in Waukegan.

The CD, which requires a minimum deposit of \$5,000, will provide a venue through which depositors can invest their savings while also making a donation to a charity of their choice. A contribution of 1/2 of 1% of the deposit amount will be made by Home Federal in the investor's name.

"We hope that area residents will find the Charitable CD an ideal way to earn a high interest on their investment and make a sizable contribution to their favorite charity," said Home Federal President Richard Samuels.

Depositors are urged to choose a Lake County charity, although they may specify any non-profit, tax-exempt organization recognized by the state. Some Lake County organizations include the United Way of Lake County, Lake County Family YMCA, Big Brothers/Big

Sisters of Lake County, Lake County Community Action Project and Lambs Farm in Libertyville.

This CD is the only one of its kind being offered in Lake County. Interested investors may call their closest Home Federal branch or the Waukegan office at

(708)244-0880 for more information.

Home Federal Bank is a \$332 million, Waukegan-based institution with additional offices in Grayslake, Fox Lake, Round Lake Beach, Lake Zurich and Lindenhurst.

Dealers aid handicapped

Three Lake County auto dealerships are among Chrysler-Plymouth agencies offering financial assistance to physically-handicapped persons in the purchase or installation of special equipment.

Dealerships are Sandy McKie & Sons, Fox Lake; Lake Villa Chrysler-Plymouth and Clifford Chrysler-Plymouth of Buffalo Grove.

Chrysler pays up to \$500 per new 1991 vehicle, up to two per family for equipment like hand controls and wheelchair lifts.

Special equipment must be installed within six months of purchase.

The company has set up a toll-free number for information, 1-800-255-9877.

See claim settlement without court action

Alternative dispute resolution, a non-adversary method of resolving injury claims that is changing the role and reputation of lawyers, has come to Lake County. Atty. Newton E. Finn has opened a Lake Bluff office to help injured persons recover damages through negotiation and mediation instead of going to court.

In mediation, legal professionals work to enable the parties to reach an agreement and resolve their own dispute. The parties remain in control of the controversy and actively participate in fashioning a remedy. This is in contrast to arbitration and litigation, where the

parties speak only through lawyers and the decision-making power is handed over to a judge, jury, or arbitrator.

According to the proponents of alternative dispute resolution, private mediation services have made the courthouse obsolete for most injury cases. "Why endure the delay, exposure, and expense of a lawsuit," said Finn, "when there is a better way to obtain a recovery? With mediation, we're talking months instead of years, privacy instead of publicity, moderate fees instead of a lawyer taking a third or more of the proceeds."

Coca-Cola® Collectibles

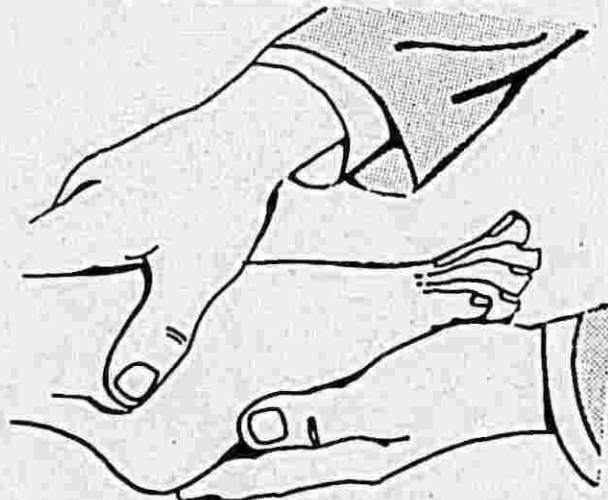

If you're looking for a valuable piece of Americana, you may not have to look further than your favorite beverage. For hundreds of thousands of Americans, collecting Coca-Cola® brand merchandise has become a way of celebrating the American Dream.

What is it that makes Coca-Cola memorabilia so appealing? To a large degree, the answer lies in the image of Coca-Cola, which has been fashioned over the years by some of America's finest illustrators and painters in the company's advertising.

Through the years, well-known artists such as Haddon Sundblom, Andrew Wyeth, and Norman Rockwell were commissioned by The Coca-Cola Company to immortalize America's favorite drink in beautifully illustrated artwork that appeared in magazines, on billboards, and on trays and other promotional items.

Willits Designs, a leader in the creation of collectible gift items, has begun creating authentic reproductions authorized by The Coca-Cola Company and based on the most popular artwork from the Archives of The Coca-Cola Company. Their initial offering, which has been a sell-out in many locations, features a wide variety of collectibles from ornaments to musical figurines, ranging in price from about \$10.00 to over \$100. The GLASS IMPRESSION in GRAYSLAKE, IL on Rt. 83 has been named by Willits Designs as an Authorized Coca-Cola Collectible Dealer.

Man dies in car/train crash

by PAT CHRISTENSEN
Lakeland Newspapers

Randy Ruffner, 22, of Ingleside, died at 3:04 p.m. on Saturday, Nov. 10, when the car he was driving was hit by an 86-car freight train on the Wisconsin Central Ltd. tracks west of Rte. 83 in Lake Villa Township. Ruffner was westbound on Monaville Rd. when he was struck by the northbound train.

"That's a route he drove everyday," commented Ruffner's employer, Jerry Ming, of Jerry's Parkway Foods. "The way he was driving, you're looking straight into the late afternoon sun. The train comes across there at a 45-degree angle from the blind side, where the trees block it."

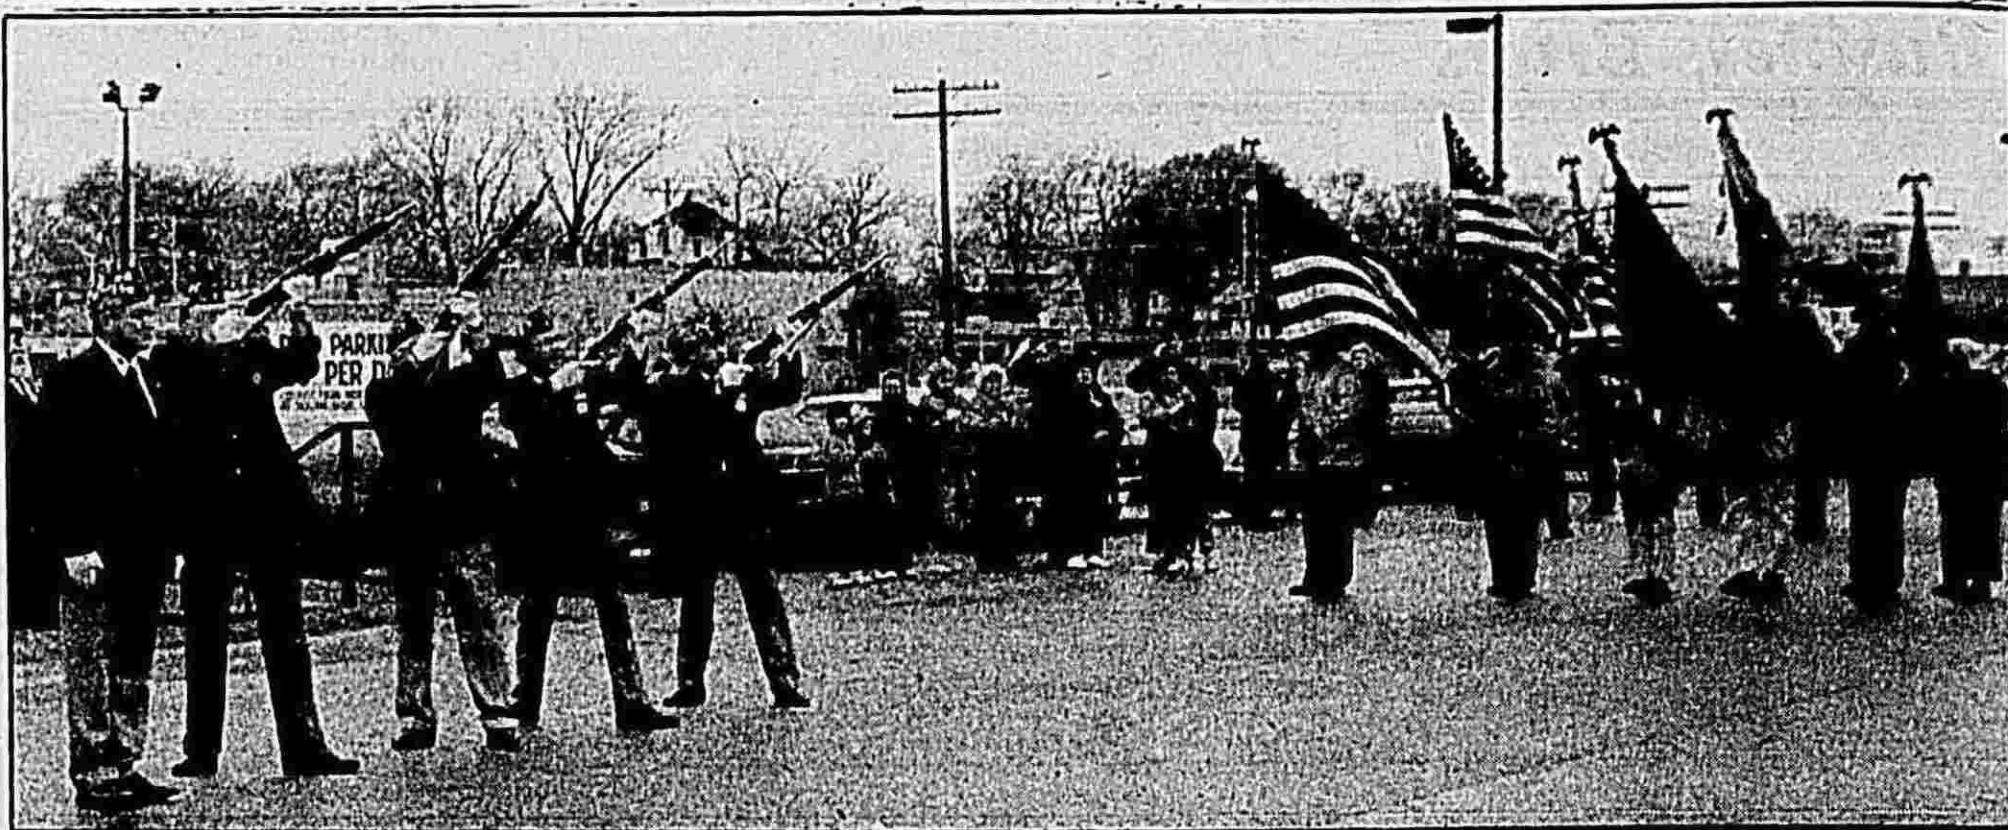

Ruffner was reportedly not wearing a seatbelt at the time of the accident. He was driving his mother, Diane Bower's, 1988 Pontiac that day, on his way home from work. Reports indicate that there was approximately a 120 foot skid-mark from the roadway leading up to the tracks to the site of the crash itself.

Ming disputes a report stating that Ruffner was on his way to a pool tournament. "He didn't play pool," said Ming. "There was a pool cue in the car, but it belonged to a friend of the family."

Ruffner was a manager at the Grayslake branch of Jerry's Parkway Foods store. "He was a first-class person," said Ming. "I don't think there was a person who disliked him, and he was an almost irreplaceable employee, just a neat person."

"You want him back, but your glad you knew him, too," Ming concluded sadly.

Ruffner is survived by his mother, Diane Bowers, his father, James Ruffner of Chicago, and two sisters, Robin Poulsen, 15, and Dyan Bowers, 15, among other relatives. Ruffner is a 1986 graduate of Grant High School in Fox Lake. Funeral services were held Wednesday morning.

Honoring the dead

Firing squad at the ready typifies ceremonies held across America on Veterans' Day to honor those who laid down their lives for their country. Ceremony at Fox Lake exemplified rites where members of Lakes Region Post American Legion

and VFW joined forces for ceremonies. With threat of war in Middle East hanging over the nation, ceremonies were more somber than usual.---Photo by Ray Plum

Plan benefit for homeless

Youth United for Lake County, a program of the United Way of Lake County, is beginning to collect items for the homeless and to distribute the items at a shelter later in November.

Youth group members will collect mittens, scarves, hats, bath towels and washcloths, and socks and distribute them at the St. Andrew's shelter in Mundelein Nov. 19.

"We find it very encouraging that these young people have come up with this project on their own. It shows that today's youth really are concerned with what's happening in our society and want to help," said youth advisory group chairman, Shannon O'Hara of Abbott Laboratories.

Receives check

Thomas Ortiger, Director of the Ill. Dept. of Nuclear Safety, presented Captain Thomas Gardner, Lake County Coordinator for the Lake County Sheriff's Dept. of Emergency Service, with a check for \$15,270. The check represents a partial payment from the State of Ill. for fiscal year 1991. The total amount for fiscal year 1991 of \$35,504 is targeted for Zone planning for the Zion Nuclear Plant and other hazardous response projects in Lake County. Pictured from left to right: Thomas Ortiger, State Senator/Zion Mayor Adeline Geo-Karis, State Rep. Robert Churchill, Carl Sargent, Zion Emergency Services and Disaster Area Director and Captain Thomas Gardner.

Zoning board sets hearing

The following hearing date has been scheduled by the Chairman of the Lake County Zoning Board of Appeals: Nov. 28 at 1:30 p.m., Countryside Fire Station, 26813 N. Midlothian Rd., Mundelein, on the application of Waste Management of Illinois, Inc., relative to a request for a Conditional Use Permit (CUP) on property presently zoned Countryside/Agricultural Dist. for the

purpose of allowing both composting and/or land application of yard waste, together with necessary processing of yard waste and related activities such as gatehouse control. The property is located on the north side of Peterson Rd. and east side of Illinois Rte. 83 at the intersection of Peterson Rd. and Illinois Rte. 83 and contains approximately 158.39 acres.

Explosion destroys home in Park City, none hurt

by STEVE PETERSON
Lakeland Newspapers
Gurnee Fire Dept. officials are investigating the cause of an explosion which rocked a Park City home Wednesday morning.

Gurnee Fire Chief Tim McGrath said the call came to the fire department as a fire at 424 Greenview Ave.

The fire destroyed the home of Stan and Lynn Stuco family had resided for 11 years. There was no one home when the 9:05 a.m.

explosion took place, as Stanley Stuco was the last to leave the home, as he departed for work at 7:30 a.m.

"The whole thing went up at once," Arnie Zoglauer said.

Zoglauer and Kurt Kieffer were working at a nearby office building then the explosion took place. They bolted across the field and through Greenleaf Creek to see if anyone was injured.

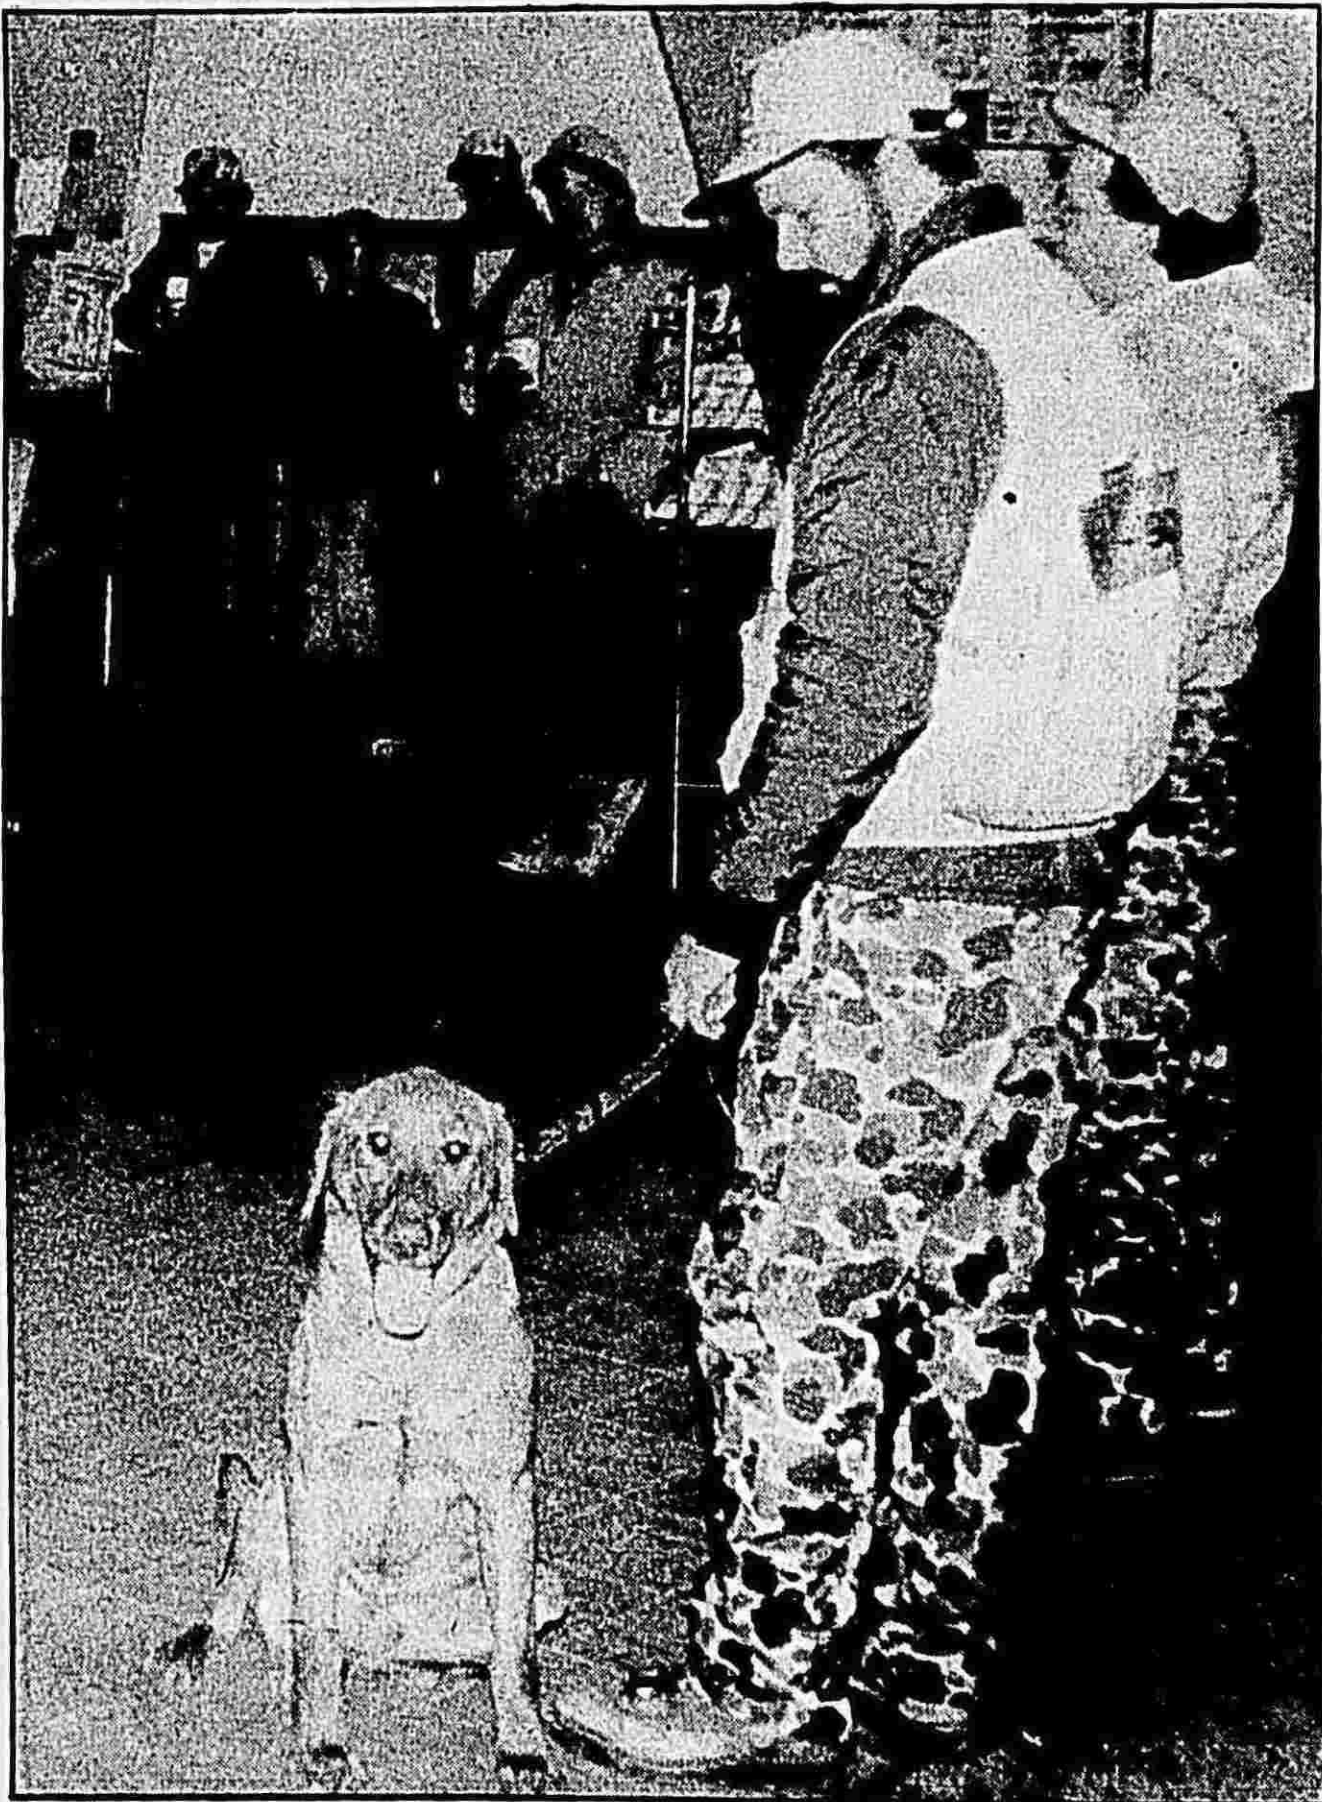

"It sounded like an

airplane crash, Daniel Byrd of 3907 Devonshire said.

Park City Police Chief Robert Williams said there was little interior damage to the homes next door. An automobile was damaged and homes across the street experienced shaking.

Although no people were injured, a Golden Retriever and a collection of birds were missing.

Neighbors were already talking about setting up help for the family just after the blast.

Ready for the hunt

Man's best friend is getting impatient for action as participants in 1990 Illinois Youth Pheasant Hunt are briefed. Prior to hunt, safety class was held to review dog and gun handling. Hunt took place at Chain O' Lakes State Park. ---Photo by Ray Plum

For worship

GREAT LAKES—A new religious facility will be dedicated at the Great Lakes Naval Base Recruit Training Command at 2 p.m. Sunday, Nov. 18. Rear Adm. Alvin B. Koeneman, Navy chief of chaplains, will be keynote speaker. The \$4.6 million facility has areas for worship, prayer, fellowship, and offices for chaplains and staff. A large chapel is for Protestant and Catholic services, while smaller chapels accommodate services for Eastern Orthodox, Jewish and other faiths. The public is invited.

Expect strike

FOX LAKE—Teachers in Dist. 114 have notified school officials they will take to the picket lines Monday, Nov. 19, if demands for double digit pay increases and more equitable salaries are not paid. They issued a strike ultimatum when the school board rejected a demand for binding arbitration. A side development of the threatened strike was an agreement by Fox Lake and Lotus School board to postpone the pending consolidation until next year so as not to embroil Lotus in labor trouble. Teachers issued a statement that pay differences amount to approximately \$14,000 and that pay increases will not require a tax increase.

Arrest three

NORTH CHICAGO—A month after receiving a tip from Lake County Crimestoppers, Inc., law enforcement personnel from Waukegan and North Chicago arrested three North Chicago residents. The incident took place on Oct. 29 when agents of the Waukegan police Narcotics Task Force and North Chicago Tactical squad combined their efforts in a raid at 2020 Dickey Ave. Six officers from the two agencies were involved in the

action, according to I. Grimes of the Waukegan Police Dept.

Bond defeat plans

MUNDELEIN—Fremont Center School has come up with a list of seven alternatives to failure of a \$4 million building bond referendum on Tuesday's election ballot. The one-school district wants to build a new 20-room school closer to the population it serves in Mundelein. Suggested are options ranging from split shifts (7:30 a.m. to 1 p.m. for K05 and 1 to 6:30 p.m. for 6-8), combining classrooms and teacher, year around classes, increased class sizes or the lease of more mobile classrooms to complement the five already in use.

Talk Scout project

PARK CITY—Park City aldermen are being criticized by a fellow council member for allegedly stopping an Eagle Scout project after it had been approved by the council. Without naming names, Ald. Ed Hunzinger lashed out at aldermen who put a halt to plans by Scout Kenji Truravic to help beautify Park City Community Center.

Board compromises

LAKE VILLA—After a lengthy meeting specially called to discuss Clarion Development's preliminary plan for Painted Lakes, the Lake Villa Board of Trustees decided to compromise and allow for up to 675 dwelling units to be rezoned in the proposed subdivision. Dan Bartok of Clarion Development currently has 488 dwelling units zoned on 330.3 developable acres. Those acres will be what will remain after he transfers 533 acres to the Lake County Forest Preserve Dist.

Eye new schools

LAKE ZURICH—Lake Zurich Unit School Dist. 95 officials have been asked by a citizens committee to consider building two more schools at a 40-acre Deer Park site, to accommodate the surging enrollments due to new housing starts and higher birth rates in the area. The schools would have to be paid for through building bond referendums, which would cost between \$11 and \$12 million for an elementary and a junior high school. Supt. Edward Cox concurs with the recommendations made by the Citizens

Committee on Enrollments and Facilities, an ad hoc group formed this school year, made up of residents, businessmen and community group members.

Award bid

VERNON HILLS—Although the concern about the beginning of the recession may be the first priority of economists, the village of Vernon Hills may be one entity which has benefited from the slowdown. The village board Tuesday awarded a contract for the construction of a new police facility and renovation of Deerpath Fire Station to Camosy, Inc. of Waukegan. The winning bid was for \$3,549,000 for the project at Phillip Rd. and Lakeview Parkway.

Roberts retires

GRAYSLAKE—Grayslake High School Principal Charles Roberts has announced his retirement after 35 years of service to the school and the community. Roberts and his wife plan to retire to West Virginia, where members of his family still reside.

Breakfast nears

NORTH CHICAGO—North Chicago Lions Club is having a pancake breakfast at the North Chicago Community High School cafeteria on Sunday, Nov. 18. Serving will take place from 7 a.m. to 1 p.m. Ticket prices are \$2 for children and seniors and \$3 for adults.

Tax levy decreases

LINDENHURST—Lindenhurst Trustee Brian Smith announced that the actual property tax dollars the village is proposing to levy for in 1991 will decrease by \$72,674, a percentage of 16%. Mayor Robert Ratch said this is due to three factors: the assessed valuation of Lindenhurst property increased by 6%, the village was able to collect more sales tax revenue and more income tax revenue from last year, and the village staff worked very efficiently, saving the residents tax dollars.

Volo clears hurdle

LAKE COUNTY—The Lake County Board Tuesday passed a resolution, with John Balen dissenting, allowing the town of Volo to incorporate into the county. The matter now goes before a Lake County Circuit Court judge, who will decide on the incorporation referendum. If the judge decides the village meets the requirements, then the residents of Volo will vote on the proposal to incorporate into a village in the spring.

School wins grants

WADSWORTH—Millburn School Dist. 24 has been selected to receive a statewide grant for science. The State Dept. of Education has announced Millburn was among the schools to receive grants for innovative science projects. Also, the school will be receiving \$500 in funds obtained through the Lake County States Atty. drug forfeiture program.

Hardy resigns

GRAYSLAKE—Scott Hardy, a Grayslake Dist. 46 school board member announced his resignation from the board at the Monday, Nov. 12 board meeting. Hardy, 37, has been a member of the Dist. 46 school board for the past two and a half years. He accepted a job in St. Paul, Minn., and has been commuting between St. Paul and Grayslake since April. His resignation was accepted "with regret" by Don Steffen, the Dist. 46 school board president.

Lottery winner

ROUND LAKE BEACH—A Round Lake Beach man, Edward Polejewski, Sr., won \$100,000 on the Ill. lottery's "\$100,000 Fortune Hunt" television game show. Polejewski's wife, Elizabeth, bought the scratch-off lottery ticket at a local business.

Strange runs

PARK CITY—Five-year Park City resident Alonzo Strange will be running for the Park City City Council in the April 2, 1991 election. Strange is presently on the advisory park board.

AUTO

LAKELAND NEWSPAPERS'

Safer cars with high-tech

The best accident is the one you avoid. Domestic automobile manufacturers are helping you do just that by introducing accident avoidance systems for the vehicles of today and tomorrow.

The anti-lock braking system is one example of accident avoidance technology available on some passenger cars and pickup trucks. These computerized

braking systems reduce stopping distances on most surfaces and increase maneuverability during braking on slippery surfaces.

Traction control, currently available on a few models, is an extension of anti-lock braking technology. This system integrates steering, braking and suspension to avoid wheel spins and increases stability under varying driving conditions. It is

especially important when driving on slippery roads, changing lanes or avoiding obstacles.

Near-obstacle detection systems being developed now can detect objects up to 15 feet from the rear of the car. When the car backs up, the system gives an audible and visual cue to let the driver know something is in the way. Available on at

First car, first love

There are many milestones in life: marriage, having children, retirement, and so on. But for teenagers, the one they look forward to most is getting their first car.

To 16 or 17-year-olds, having a car means more than just transportation, it represents a new sense of freedom and independence. They no longer have to rely on mom or dad; now they are free agents taking one of their first steps into adulthood and responsibility.

Fortunate are the teenagers who save money and pay for their first automobiles themselves. It may be easier to have mom and dad pay for it, but the personal satisfaction and sense of achievement they will gain when buying it for themselves cannot be surpassed.

Teenagers who just purchased their first cars are easy to spot: they will have wrinkled hands from washing and waxing so frequently; they are in and out of the auto parts stores purchasing every accessory; they usually carry a photo of their car in their wallet.

Ford maintains that the best car repair guarantee in America is one that money can't buy.

After 90 days, most car repair guarantees crumble. But not the Lifetime Service Guarantee.

With the Lifetime Service Guarantee, you get what you don't pay for. Here's how it works.

Once you pay for a covered repair at any participating

With LSG, you'll never pay for a covered repair twice.

Ford or Lincoln-Mercury dealer nationwide, the bill will be stamped as an LSG repair. Then, if the same repair ever needs to be done again, just show your receipt and we'll fix it free for as long as you own your car. Free parts. Free labor. For life. It's that simple.

The Lifetime Service Guarantee is America's best car repair guarantee because it covers virtually everything except normal wear and maintenance items like wiper blades and tires. And it's available only to Ford, Lincoln and Mercury owners. So ask us for a copy of the Lifetime Service Guarantee.

Obituaries

Fern R. "Mummer" Evans

age 74, passed away at the Mercy Center Hospital, Aurora on November 8, 1990. Ending more than two years battle with pancreatic cancer, she passed away in peace and went home to be with her Lord.

She was born April 14, 1916 in Chicago, Illinois, the daughter of Frank and Addie (Neidner) Blaurock. The family made their home in Oak Park where she graduated from high school and went on to study nursing at the Norwegian American Hospital, Chicago. On January 12, 1935 she was united in marriage to Robert C. Evans in Blue Island, Illinois. They made their home in Oak Park for a number of years until 1949 when they moved to Barrington, a year after opening the Wauconda Bowl. For twenty years they operated the bowling alley until 1969 when they moved to Aurora for a time before moving to the present family home in Sugar Grove in 1978. Through the years, she enjoyed traveling both in the states and abroad, and spent many winters in Naples, Florida. She was an active member of St. David's Episcopal Church, Aurora, and of the Ladies Guild; a 50 year member of the Order of The Eastern Star, Chapt. 539, Oak Park, and the Sugar Grove American Legion Auxiliary, Post 1271. A life-time "Sports-mom," she was a member of the Kaneland Sports Boosters, an avid Bears and Bulls fan, and was herself, an accomplished bowler.

In addition to her husband, Robert C. Evans of Sugar Grove, she leaves two daughters, Sharon (Vance) Stayner of Sugar Grove and Bonnie (Barry) Sloss of Las Vegas, NV, one son Ron (Gerri) also of Las Vegas; nine grandchildren, Steve (Linda) Stayner, Randy (Lynn) Stayner both of Sugar Grove, Bob Evans, Kristi and Kathy Rhoads, and Ember and Stacey Sloss, all of Las Vegas, Susanne and Deborah Evans, both of Ardmore, OK, four great-grandchildren, Stephanie, Jason, Lindsey and Brandon Stayner. In addition, she leaves her beloved "adopted family," Jennifer and Rudy Radnoff and their children Corrine and Tanya of Sugar Grove.

She joins now her parents and 1 brother Dr. Melvin Blaurock, who preceded her in death.

Her funeral service was held Monday, November 12, 1990 at St. David's Episcopal Church, Aurora, where Fr. Michael Long of St. David's Episcopal Church, officiated. Committal services & entombment at Blackberry Cemetery, Elburn.

Stephanie Hiegl

a long time resident of Grayslake, IL died Nov. 4, 1990 at Condell Memorial Hospital after a short illness.

She was born July 2, 1901 in Hungary. Her husband, Steven preceded her in death.

She is survived by a niece, Horvath Nandorne of Utca, Hungary.

A memorial mass was held at 10:00 a.m. on Thursday, Nov. 15, 1990 at St. Gilbert's Church in Grayslake. Arrangements were handled by the STRANG FUNERAL CHAPEL, Grayslake.

288-14 DILLON
By Landmark Designs

While the front side of the Dillon, with its wrap-around porch, dormers and hip roof, has the nostalgic appeal of an old-fashioned country-style home, the rounded wall of windows on the back side of the home tells a much more contemporary story.

Guest designer Floyd Dinger of Eugene manages to include all the modern amenities in a medium-sized one-and-a-half story home that's well suited to the expanded space needs of families with older children.

With the master suite, located on the main floor and at the opposite end of the house from the other bedrooms, its occupants needn't be disturbed by loud music in the other bedrooms. It has a huge walk-in closet, and two vanities, one in the master bath and the other out in the sleeping area. Families with grown children can live entirely on the ground floor, ignoring the upper rooms until grandchildren or other guests are due.

The rounded family room is but one of the creative shapes and angles in the Dillon. Most rooms are partially

rectangular, necessary for the aesthetic placement of furniture, but also contain at least one or two odd angles. And some rooms, such as the half-bath nestled in behind the stairway, the hallway that wraps around it, and the pantry, are totally unique in shape.

High vaulted ceilings in the living room, parlor, entryway and master suite make these rooms appear even larger than they actually are.

While the utility room is close to the kitchen, handy for dealing with laundry during meal preparation and clean-up, a laundry chute, located in the upper storage and linen closet also provides easy access from the bedrooms. A wide mirror over double vanities in the second floor bathroom relieves some of the congestion among mirror-loving teens.

For a study plan of the DILLON (288-14), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 94702. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) There are some small difficulties in communications with others now, but it's nothing to get unduly upset about. Be flexible if plans are changed. Financial judgment may not be at its best now. Little expenditures could mount up. Don't misplace an important item.

TAURUS (April 20 to May 20) Mood swings are likely now. You're not the easiest person to fathom now, nor are you your most effective self in dealings. A tendency to withdraw can make you oblivious to other persons' needs. Be more attentive and exercise consideration.

GEMINI (May 21 to June 20) You won't have the greatest time in your life, but you won't have a bad time. Still, minor difficulties could arise with friends when socializing. Put aside business concerns for now. It's your preoccupation with these matters that makes you not quite there in relationships.

CANCER (June 21 to July 22) The world is not run according to your propensities, as you find out now. You'll run into situations that go slightly against your grain. Exercise some caution now in financial dealings, as you could run into some shrewd types now. What to do with your money is a question for another time.

LEO (July 23 to August 22) Try to avoid minor tiffs with close ties now or you'll find yourself with someone by your side who's a bit incommunicado and not much fun to be with. After the 10th interruption, you may well throw your hands up in the air and abandon a work project for now.

VIRGO (August 23 to September 22) You'd be at a distinct disadvantage if you mixed business and pleasure now. You may not be sure of where you stand with a member of the opposite sex. Try to avoid a dispute with a family member over a possible purchase.

LIBRA (September 23 to October 22) Though you know where you stand, the problem is that others

may change their mind more than once. Continue with research about a career project. It could be a week of financial ups and downs. Others may not go along with your plans regarding expenditures, though career interests are generally favored.

SCORPIO (October 23 to November 21) Some compromise is necessary in order to get along with close ties now. Do further research into a business venture. There's no need to feel rushed. A work problem can be solved if you'll face it. Instead of complaining, take action to put things right.

SAGITTARIUS (November 22 to December 21) With the help of your mate you'll find a solution to a problem with a child. Some social plans may be changed now. Welcome news comes from afar. Though you're on the right track with your career, it may be difficult to convince a family member of your position.

CAPRICORN (December 22 to January 19) Creative activity is favored, but it's not the best time to solicit the comments of others. Partners will enjoy some time away together. Don't begrudge the money you may have to spend on a household repair. Some problems you just can't let go on and on.

AQUARIUS (January 20 to February 18) Now's the time to talk about problems before the wedge between you grows any deeper. Be willing to meet others halfway for peace of mind today. Some progress will be made on a work project, but you may have to turn your attention to something else before you're quite done.

PISCES (February 19 to March 20) Relations with friends are not altogether smooth now. Either you're kept waiting, or someone cancels at the last minute. Still, some good times are indicated. Though a career problem is successfully dealt with, it may take more time before the home picture is exactly as you wish it to be.

CHURCH TALK

Round Lake

Pastors of St. Joseph's Roman Catholic Church, Community Church and Calvary Presbyterian Church have announced the traditional Thanksgiving Eve Service will this year be held at St. Joseph's Roman Catholic Church, Wednesday, Nov. 21 at 7:30 p.m. at 114 North Lincoln Ave., Round Lake. The entire community is invited to this special opportunity to worship God and give God the praise and the Thanksgiving for our many wonderful blessings. The service will be led by the pastors and ministerial staff of the three churches. Father Raymond Scriba pastor, Father Patrick Brankin associate pastor, and Deacon John Brooks will share in behalf of St. Joseph's Church. The Rev. Daniel Bloesch, pastor of Community Church, United Church of Christ, and Pastor Lisle Kauffman of Calvary Presbyterian Church, will also share in the service. The pastors sincerely hope that this will be a very special moment in the life of Round Lake area. Our nation is facing some very difficult days and this would be a very special opportunity for us with a united voice to come together for an expression of Thanksgiving and prayer, the clergy stated.

Antioch

Members of the Christian Science church, Rte. 173 and Harden St., Antioch, extend an invitation to all to join in their Thanksgiving to God. The church service will begin at 10:30 a.m. on Thursday, Nov. 22. Christian Scientists in Antioch will be joining others across the country to express their thanks to God on this day. Gratitude will be expressed through hymns, scriptural readings, and readings from "Science and Health with Key to the Scriptures."

Lake Zurich

St. Peter United Church of Christ has been celebrating the 90th year of the church. On Sunday, Nov. 18, the last event of the year will be celebrated at 9:30 a.m. encompassing the participation of many organizations of the church, special music by the choir, and an activity from the Sunday School. There will be coffee hour following the service, and a "walk in the past" containing memorabilia from the past 90 years. At 1:30 p.m. a dinner will be held at the Concord Banquet Hall and tickets for the dinner are available at the church office. The Rev. Steve Redman serves as minister of the church, and assistant pastor Rev. Erla Faye Boyle has joined the staff this year. The chairman of the 90th anniversary is Mrs. Donald Weber, and the central committee consists of Dana Rae Hapke, Phyllis Kieth, Del Rita Schwefer, Lucy Luce, Donald Weber, Barbara and Monty Campbell, and Leona Reid. For further information call (708)438-2405.

Antioch

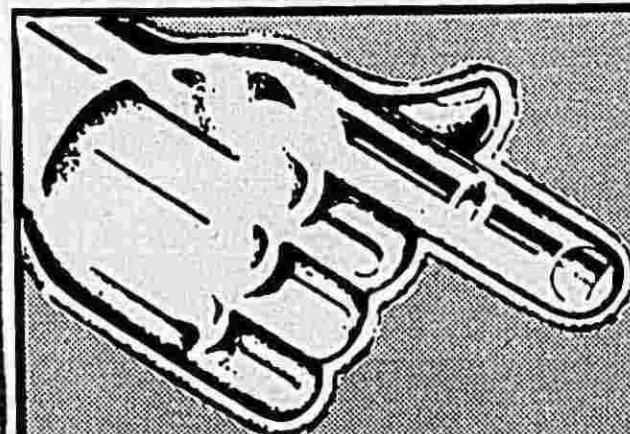

The congregation of the United Methodist Church of Antioch invites all to worship at 8:30 and 10:45 a.m. each Sunday at 848 Main St., Antioch. Nursery care is available during each service. Coffee and conversation follow each worship. The adult choir sings at the 10:45 a.m. service. Church school classes for prekindergarten through adult begin at 9:30 a.m. Messiah rehearsals begin at 2:30 p.m. on Nov. 18 in Wesley Hall. Call Ken Smouse at (708)395-1333 for more information. There will be a potluck meal at 5 p.m. on Nov. 18 followed by a showing of the film "Martin Luther." Participants should bring a dish to share and your own tableware. Wesley Hall will open at 7 p.m. to serve as a PADS shelter site for the area homeless.

Libertyville

Christian Scientists in Libertyville will be joining others across the country to express their thanks to God on this day. They would be pleased to have you join them. Gratitude will be expressed through hymns, scriptural readings, and readings from "Science and Health with Key to the Scriptures." Members of the Christian Science Church in Libertyville extend an invitation to you to join in their thanksgiving to God. The church service will begin at eleven o'clock on Thursday, November 22 at 240 Park Place. Care for young children will be provided.

Patriots savor success, ready to take next step

by STEVE PETERSON
Lakeland Newspapers

Taking things step by step can lead to success in life, and volleyball is no exception.

That's how the Stevenson High School volleyball team views its 15-9, 15-4 quarterfinal loss to Lockport in the IHSA Class AA volleyball state finals. The team's appearance in the Elite Eight marked the farthest any Stevenson team had advanced in post-season play.

"We had a great train ride and was too bad it had to end here, but it was better to end here than in Highland Park or Buffalo Grove," Coach Bob Schenk said.

The co-North Suburban Conference Patriots finished 35-4 on the season as they fell victim to a pre-game injury to a key player and early contest jitters.

"Next year we will take the next step and win our first quarterfinal game. We want to go one step farther next year," Courtney DeBolt, a junior, said.

The Patriots, going up against a powerful Lockport front line led by Angie Propp's 15 kills, had to make adjustments even before the start of the match at Illinois State University.

Freshman Tiffany DeBolt, just as the Patriots were taking the floor, tripped and hurt a shoulder. She watched the game from the end of the Stevenson bench.

"She has worked so hard for this and was so excited to go downstate in her freshman year," Courtney DeBolt said of her younger sister.

The injury, which came to the forefront when Tiffany tried to spike the ball in warmups, forced Schenk to change his rotations, since Tiffany DeBolt has the team's best top-spin serve. She was attended to by ISU trainers.

Lockport, coming into the match at 32-8, led 12-3 at the start of the first game, before Stevenson rallied.

The Patriots, after the first feelings of shellshock against a Porter team which features 6-3 Propp and two 5-10 players, recovered. "We had a little too many jitters. If we went for it from the start like we played at the end of the first game, we would have won," senior Katie Schullian,

who saw her stellar volleyball career come to an end, said.

The Patriots found some cracks in the Porters' tall weapons.

"I don't think they're the best team we've faced all season, but they are the tallest," Courtney DeBolt said.

Amy Hamilton led the rally, as she served for four straight points, including an ace, to bring the Patriots to within 12-9. The rally was not the first time the Pats had been forced to comeback. They did the same against Joliet Central early in the season. The comeback forced Lockport

Coach Julia Hudson to call a timeout.

But the Pats could not capitalize on their next five sideouts and senior Brandy Moran finished off the game.

Stevenson led 1-0 on an Elaine Oh serving point early in game two, but a four point run by Lockport put the sent the Porters on their way.

Lockport did have an injury of its own in the second game as Sarah Bolland was felled diving for a return.

"It was a great team effort. We thought we worked so hard and then Sarah got hurt. We pressed the rest of the way for her," Pam Porto said.

Schenk said he was expecting more than the Porters showed from their bag-of-tricks.

Stevenson had practiced for the state finals at 10:30 p.m. at University High the night before.

Hudson, who has amassed more than 300 wins in 11 years at Lockport, said serve reception was a key in the early going.

"They played good defense," Hudson said of Stevenson.

A large contingent of Stevenson faithful made the trip to Normal, including some junior high players.

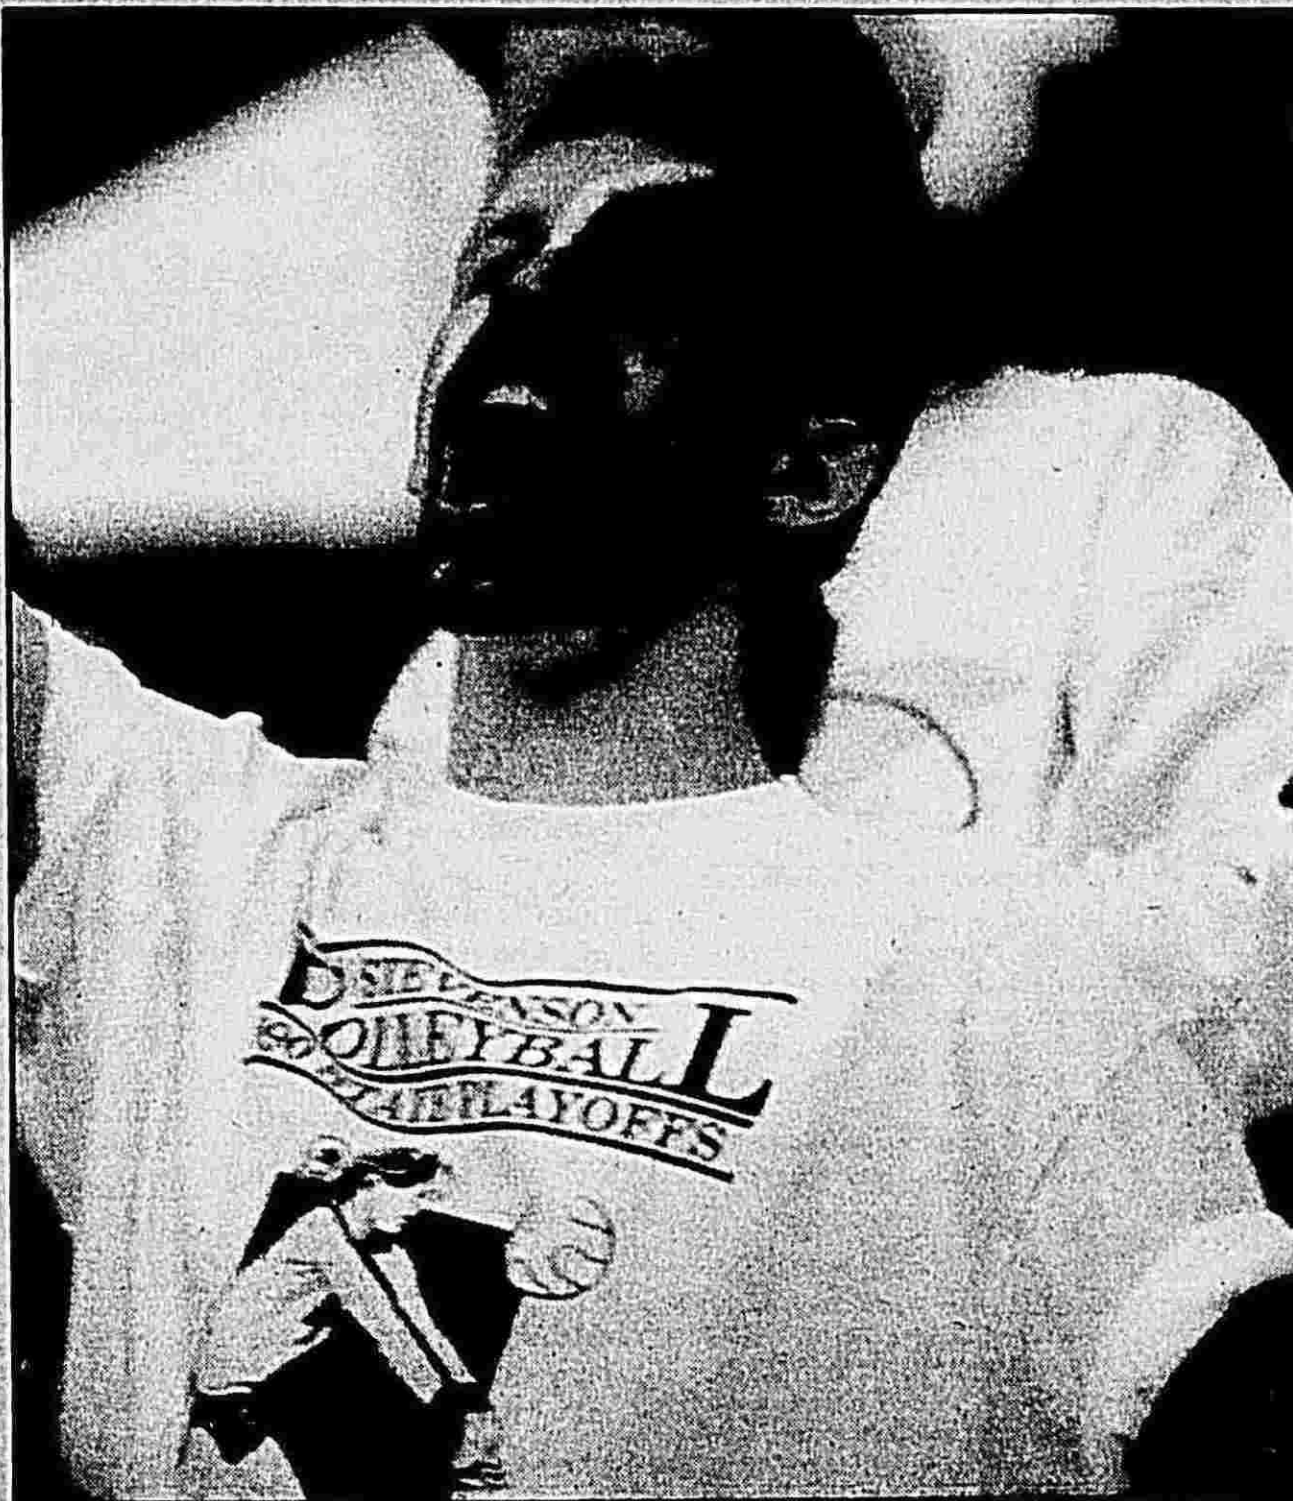

"We had a lot of students come here from school. I think they are proud of us to go this far," Courtney DeBolt said.

And come five years from now, when those junior high players who watched the Pats from the stands at ISU are stars, Schenk will remember the names of Oh, DeBolt, Schullian in his own way. And that will not include Schullian's 360 kills (before the state finals), Courtney DeBolt's 210 kills or Oh's 75 aces, or the 1,136 team points.

"This is a real special group. The kids took the floor many times and were out-talented, but had the heart and desire. Nobody worked harder than this group of kids," Schenk said.

Now it's time for winter and summer club volleyball, as August will be back before the players realize it.

And then it will be time to take that next step.

Let's go, Patriots!

This Stevenson High School volleyball team lets everyone know who his favorite team is in the Class AA state finals. A large contingent of Stevenson students and fans made the trip to Normal to watch the Patriots take on Lockport. Lockport ended Stevenson's season at 35-4 by winning 15-9, 15-4. Flyball helps softball players better skills

by STEVE PETERSON
Lakeland Newspapers

It is a Thursday night in November.

The scene is for the most part a quiet one at Wrigley Field, as even the most loyal Chicago Cub baseball fan is probably staying away from Clark and

youth to 50s. One does not have to be an outstanding softball player to excel at Flyball, she said.

"Everybody has fun," she said.

Bob Diamond of Oakwood said players are mainly summer softball players and Flyball allows them a way to stay in shape for next spring. Spectators can watch the games from an enclosure up top, as the players compete on fields named for real major league ball parks.

All games are of four equal innings unless an eight-minute rule is applied. Two teams consisting of a maximum of six players each compete for points based on where a ball is hit. Points are scored by hitting the ball into the nets, hitting a ground ball and advancing on bases. A grand-slam is worth nine points.

Instead of balls and strikes, should the ball not pass within a defined arc, low or high pitches are called.

Another rule which takes getting used to is pitchers cannot cross a line. The playing field is divided into five areas: first area, infield; second, outfield, third, foul territory, fourth, safety zones and fifth, runner's basepath. There are three bases instead of four for softball and regulation softball bats must be used, although gloves are optional.

"This is great. It gives you something to do in the winter," Andy Bentivegna of Waukegan said.

His team, the Coolyans, was playing

the Players this opening night after three practice games for both teams. The Players take a 27-24 lead after one, extend it to 72-46 after three and win 121-79.

Dennis Sadlak of Lake Bluff, captain of the Players team, explained members of his squad play softball in Wisconsin and

Hainesville sites in the summer.

"Playing the ball off the net and remembering to tag the base instead of the runner," Sadlak said of the hardest point to pick up on the new game.

Umpires do not stand next to a base as (Continued on page 45)

Addison Sts. in Chicago.

But in Waukegan, "play ball" can be heard at the onset of the contest. Balls and strikes are called out and safe and out calls are made. But no one sang the national anthem as a new season commences.

For this is Flyball, an indoor version of softball which is making its presence felt at Oakwood Racquet Club in Waukegan. The facility is the only Flyball facility in the world now.

Julie Didier, coordinator of Flyball at Oakwood, explained the sport originated in Australia.

"Once they come in here and see the sport, they're hooked," Didier, an Ingleside resident, said.

Didier said players range in ages from

Seeking good start

Runners prepare for the start at two-mile race held as part of the Gurnee Park Dist.'s Turkey Trot run in Viking Park. Larry Swanson of Lake Bluff was the first finisher in the two-mile event Saturday.

Every week, we have a special spot in our newspaper that's exactly right for that item you want to sell. If you tell us to run an ad for a car you no longer need, we place it in our CARS FOR SALE classification (No. 80). Want to buy or sell a horse? Your ad goes in classification No. 42. Why do we do it this way? Because it's easier for our readers (your customers) to find your ad. No long search, no missing your sailboat ad because it's mixed in with rummage sales. The next time you want to turn a no-longer needed item into cash, give the Lakeland Newspapers a try. You'll be in the right place. (800)442-8161

Runner, receiver, place kicker Horn wins MVP

One thing Round Lake football fans could count on this year.

In addition to quality performances by the Panthers, the fact that Garrett Horn would always be part of the action. Whether it be from his position as running back, or defensive back, or place kicker, one could assume that on all but punts, Horn would be on the field.

"What I admire most about Garrett is his durability," Round Lake Coach Mike Dunn said.

Horn, one of several Horn brothers to star for Round Lake, is a three-sport athlete for the Panthers and has high-profile positions in the other two as well. He is a point guard in basketball and second baseman on the baseball squad.

Horn has indeed amassed an impressive resume from the 1990 season, which saw the Panthers finish 8-2 and win the Northwest Suburban Conference championship.

Horn carried the ball 103 times for 922 yards and scored 18 touchdowns. But the statistics did not stop there. He caught 22 passes from quarterback Mike Bragg for 262 yards and three touchdowns. As a kicker, he added 16 point-after-touchdowns and a field goal.

On defense, Horn had 69 tackles, 55 assists, recovered four fumbles had three interceptions including one for a

touchdown and had six knockdowns.

Horn, who was named team MVP, could be many of the Round Lake candidates who could play in next summer's north-south all-star game.

"I think he could be a good small-college football player," Dunn said.

Round Lake quarterback Mike Bragg also made the all-NWSC. The Panthers made

Garrett Horn

the playoffs two of the three years Bragg was calling the signals, having winning records all three seasons. Bragg, who was allowed the rare privilege for a high school QB to audible, was named MVP on offense. Marx Drath, another senior who won all-NWSC honors, was named MVP

on defense. Aric Rodriguez rushed for more than 900 yards and was named most improved.

Other Panthers on the NWSC team include: senior linemen Steve Pressoir and John Whitton. Tight end-defensive end Brian Smith was also selected.

Grayslake finished 6-1 in NWSC play and made the playoffs for the second straight year. Rams on the all-league team were: fullback-linebacker Mark Sneyd, tackle Tony Spychala, quarterback Tom Culhane, running back Steve Siedlecki, and linebacker Travis Lloyd. All are seniors.

Johnsburg just missed a first playoff berth and finished with its second winning record at 5-4. Senior Skyhawks on the team are: running back-linebacker Mike

Kramer, lineman Don Kibbe. Juniors on the team are: linebacker-quarterback Matt Chrisman and lineman Jake Wakitsch. Junior Adam Kloth, a lineman and defensive end, also made the team.

Grant ended at 4-5, doubling its win total from a year ago. Senior linebacker-lineman and fullback Brian Frystak, linebacker-quarterback Aaron Foscz, lineman-linebacker Tony Van Sickle, and safety-wide receiver Rich Twarowski made the team.

Mark Rath and Demetri Hernandez were Wauconda's representatives.

Lake Zurich broke an eight-game losing streak with a win over Wauconda in the season finale. Bears on the team were: linebacker and lineman Derek Pijut and halfback-linebacker Bill Metes.

they do in softball or baseball, but instead are next to a computer, judging safe or out calls by beeps. "Most of the arguments are on if a ball hits the seam across the back for a home run," umpire Tom Messling said.

Messling, who has both played and umpired the sport, said the best way to hit is to swing nice and easy. While there

were some close games and not-so-close games this opening night, the average score for a winning team is 100 points. But even if your team is well out of contention, there is still reason to strive. Teams are awarded league points for each set of 25 points they score.

Messling, of Waukegan, said he likes the future for the sport. "Any place softball is big, this will be big," he said.

NIMC clears the air once and for all!

On November 15, the Great American Smokeout Day, Northern Illinois Medical Center goes completely smokefree. This milestone was achieved through months of hard work, tough decisions, and careful planning.

As a healthcare leader, it's the only way to go, because:

- Smoking is the leading preventable cause of death
- Sidestream smoke is increasingly shown to be dangerous
- Comfort and safety for our patients is a top priority

The new policy includes the entire hospital, all NIMC vehicles, off-campus buildings, every work area and the patient rooms. Join us as we create a cleaner, healthier, safer environment. It's our way of telling you how important smokefree air is to your health.

Board canvasses vote

The school board in Round Lake Unit Dist. 116 canvassed the Nov. 6 bond issue referendum vote. The referendum failed to pass at the polls, and the final gesture is for the board to canvass the votes cast in all Dist. 116 districts.

There were 3,253 votes cast concerning the referendum, and of these, 1,497 were in favor of the referendum and 1,756 were against.

Of the 13 separate voting districts in Avon Twp with the Dist. 116 referendum on their ballot, only one district, 28, cast more votes for the referendum (193) than against it (184). There are either 997 or 998 registered votes in dist 28, and 417 of them voted in this election.

With the failure of the referendum, the school district must find a way to repay a debt for last year's teacher's orders to Bank One, out of Chicago, before Dec. 1 of this year. How this debt will be repaid is a decision that the school board has not made

yet. The matter is expected to be discussed, however, at the next regular board meeting on Nov. 19.

Buy land for water facility

Mundelein will purchase 2.6 acres of vacant land on Campus Drive, as the location of a Lake Michigan water facility. It will consist of receiving facilities and a holding tank for the new system that will become operational in early 1992.

The location is on Winchester Rd. near the Village Green Golf Course and village water tower.

Another facility for the same purpose will be constructed in front of Carmel High School at Hawley St. and Rte. 176.

Bank tells of drive to upgrade buildings

In an effort to encourage landlords and tenants to enhance the exteriors and interiors of their buildings, First of America Bank, Grayslake, in conjunction with the Economic Development Commission of Grayslake, has initiated a special Landlord/Tenant Merchant Loan Program.

This special program is designed to give low cost financing for renovation or upgrading of commercial buildings in Grayslake. Phase I of the program will be concentrated in the core area of downtown. The funds cannot be used for relocation or working capital, according to President Edwin T. Hall.

Loan amounts are a minimum of \$5,000 to a maximum of \$25,000. These amounts can be adjusted downward or upward depending on individual situations.

The loan to value ratio has been in-

creased from 70 to 75 percent to 85 percent of the cost of the project as determined by your contractor and approval by the village, Hall stated.

Term of the note will be adjusted to meet a repayment plan with a full requirement in seven years.

Rate of interest will be at prime (currently 10 percent) floating with a ceiling of 12 percent and a floor of 8 percent with no points. Only a documentation fee of \$100 will be assessed unless special requirements are necessary.

Hall said to process your loan it will be necessary for landlord or tenant to supply the bank with two fiscal year-end statements and if possible a current financial statement. Personal guarantee of borrower will also be required.

Patti Gilardi, Treasurer of Round Lake Park, completed phase two of the Ill. Municipal Treasurers Institute and Advanced Seminar, hosted by Eastern Ill. University in Mattoon, Ill.

A Community Leader You Can Bank On.

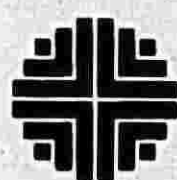

When a board member of a bank is active in the community, you can be sure he cares about meeting its financial needs.

Take Howard Hamilton, board member of Fox Lake State Bank. Even though his job as president of Leisure Village is demanding, Howard still finds time to work with the Masons and Shriners. And serve on the Council for Advancement of Secondary Education. And help American Vets. All for the sake of your community.

You see, Fox Lake State Bank is part of First Colonial Bankshares, a \$1.5 billion corporation that believes Howard

and the other board members should live or work in the area.

Which is why they have a personal stake in its prosperity. And why they consider you, the local resident, their most important customer. Now isn't that the kind of bank you can trust?

FOOT NOTES

Dr. Lee M. Tisa, Podiatrist

Board Certified

DIABETIC FOOT CARE

Since most diabetics have circulatory changes, they
are more prone to infection.

Diabetics and those with circulatory disorders need to
take special care of their feet. Here are some important
tips.

1) Look at and feel your feet daily to check for cuts,
cracks or redness. Sensations may be diminished, so
you may not notice otherwise.

2) Never treat corns and calluses with over-the-
counter preparations. These are usually acids which
cause a burn to the skin and a serious infection.

3) Never wear constricting shoes, socks or stockings.

If you are diabetic and would like more information
concerning foot care, please contact Dr. Lee M. Tisa
for a NO COST CONSULTATION.

FOOT FACTS From The FOOT DOCTOR

Dr. Winters

Dr. Griff J. Winters & Assoc.

Specializing in Reconstructive Foot & Ankle Surgery

PLANTAR WARTS

Warts are caused by a virus infection and are often mistaken as corns and calluses. Warts on the bottom of the foot penetrate deep under the skin like a mushroom, because of pressure in standing. Unlike corns and calluses, the center encapsulated area usually has rust-colored spots that are small blood vessels and nerves that supply the wart. For this reason warts are more painful with side to side pinching.

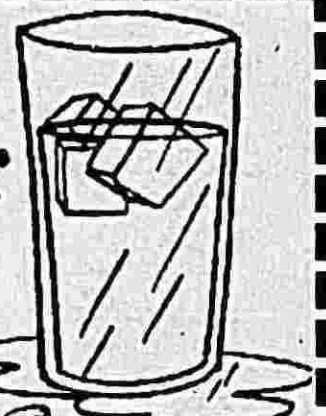

Warts are contagious to susceptible people and are usually found in adolescents.

If the plantar wart is small and discovered early, prescribed chemical agents often times are all that are needed. For large or resistant warts, we often times use Laser surgery that gives good results with minimal discomfort. This is done on an out-patient basis and the patient loses no time off his feet.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

Rush Rte 45 Widening at Motorola plant

State Sen. David N. Barkhausen (R-Lake Bluff) will be leading local officials and business representatives in urging the Illinois Dept of Transportation (IDOT) to adopt plans for the widening of Rte. 45 to four lanes between Rte. 176 in Mundelein and Grand Ave. north of Grayslake.

Barkhausen met this week with representatives from Motorola and Abbott Laboratories to discuss an accelerated timetable for road improvements to accommodate the traffic that will result from the construction of the 5,000-employee

Motorola plant on Rte. 45 at the northwest end of Libertyville and to ease the existing and growing congestion problems experienced by rush-hour commuters along this route.

"This stretch of Rte. 45 is already a terrible bottleneck at peak traffic periods," Barkhausen observed.

"While most of us are enthusiastic about the new Motorola plant, we should not underestimate its traffic impact," Barkhausen continued. "The State should be moving now to widen Rte. 45 in

anticipation of these additional commuters. In fact, road improvements should have been part of the package of incentives for Motorola to locate in Libertyville, as they have been with the Diamond Star plant in Bloomington and the Sears relocation in Hoffman Estates."

In addition to the impact of the Motorola plant, Barkhausen cited access to the College of Lake County, population growth of Grayslake and the western edge of Gurnee and the opening of the Gurnee Mills Outlet Mall as additional factors ar-

guing in favor of the Rte 45 improvements.

"We should not wait for real estate development to produce traffic gridlock before we even begin to plan for road improvements," Barkhausen said. "This project is a high priority and should receive our immediate attention. One of my concerns about the proposed Rte. 53 extension is the extent to which it has taken the focus away from other compelling highway needs, such as the widening of Rte. 45."
